

Inter-American Investment Corporation
U.S.\$3,000,000,000
Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme described in this Information Memorandum (the "**Programme**"), Inter-American Investment Corporation (the "**Issuer**" or "**IDB Invest**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue notes (the "**Notes**") on the terms set out herein, as supplemented by a Pricing Supplement or Drawdown Information Memorandum (as defined herein).

This Information Memorandum comprises neither a prospectus for the purposes of Part VI of the Financial Services and Markets Act 2000 (as amended) (the "**FSMA**"), a base prospectus for the purposes of Article 5.4 of Directive 2003/71/EC as amended or superseded, and includes any relevant implementing measure in a member state of the European Economic Area (the "**Prospectus Directive**"), nor listing particulars given in compliance with the listing rules ("**Listing Rules**") made under Part VI of the FSMA by the United Kingdom Financial Conduct Authority in its capacity as competent authority under the FSMA (the "**FCA**").

Application may be made to the FCA for Notes to be admitted to a listing on the Official List of the FCA (the "**Official List**") and to the London Stock Exchange plc (the "**London Stock Exchange**") for such Notes to be admitted to trading on the London Stock Exchange's Regulated Market (the "**Market**") or to any other listing authority, stock exchange and/or quotation system as may be agreed with the Issuer. The Market is a regulated market for the purposes of Directive 2014/65/EU on markets in financial instruments (as amended "**MiFID II**"). However, unlisted Notes may be issued pursuant to the Programme.

The relevant Pricing Supplement or Drawdown Information Memorandum in respect of the issue of any Notes will specify whether or not an application will be made for such Notes to be admitted to the Official List and admitted to trading on the Market (or any other listing authority, stock exchange and/or quotation system). Notes listed on the Official List and admitted to trading on the Market will not be subject to the prospectus requirements of the Prospectus Directive as a result of the Issuer's status as a public international body of which a European Union member state is a member, but will be issued in compliance with applicable Listing Rules of the FCA.

Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the abilities of the Issuer to fulfil its obligations under the Notes are discussed under "Risk Factors" below.

The Notes have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or with any securities regulatory authority of any state or other jurisdiction of the United States, and Notes in bearer form are subject to U.S. tax law requirements. The Notes may not be offered, sold or (in the case of Notes in bearer form) delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act ("**Regulation S**")) except in certain transactions exempt from the registration requirements of the Securities Act.

The Notes may be offered and sold: (A) in bearer form or registered form outside the United States to non-U.S. persons in reliance on Regulation S; and (B) in registered form within the United States to qualified institutional buyers (as defined in Rule 144A under the Securities Act ("**Rule 144A**")) ("**QIBs**") in reliance on Rule 144A. Prospective purchasers are hereby notified that sellers of the Notes may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A. For a description of these and certain further restrictions on offers, sales and transfers of Notes, see "*Subscription and Sale*" and "*Transfer Restrictions*".

The Issuer accepts responsibility for the information contained in this Information Memorandum and declares that, having taken all reasonable care to ensure that such is the case, the information contained in this Information Memorandum is, to the best of its knowledge, in accordance with the facts and contains no omission likely to affect its import.

Each Tranche (as defined herein) of Notes will be issued on the terms set out herein under "Terms and Conditions of the Notes" (the "**Conditions**") as amended and/or supplemented by a document specific to such Tranche called pricing supplement (the "**Pricing Supplement**") or in a separate information memorandum specific to such Tranche (the "**Drawdown Information Memorandum**") as described under "Pricing Supplement and Drawdown Information Memorandum" below. In the case of a Tranche of Notes which is the subject of a Drawdown Information Memorandum, each reference in this Information Memorandum to information being specified or identified in the relevant Pricing Supplement shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Information Memorandum unless the context requires otherwise. This Information Memorandum must be read and construed together with any amendments or supplements hereto and with any information incorporated by reference herein and, in relation to any Tranche of Notes which is the subject of Pricing Supplement, must be read and construed together with the relevant Pricing Supplement.

The Issuer has confirmed to the Arrangers and any Dealers referred to under "Subscription and Sale" below that this Information Memorandum contains all information which is (in the context of the Programme, the issue, offering and sale of the Notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; and that this Information Memorandum does not contain any untrue statement of a material fact nor does it omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Information Memorandum or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer, the Arrangers or any Dealer.

Neither the Arrangers, nor any Dealer nor any of their respective affiliates have authorised the whole or any part of this Information Memorandum and none of them makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Information Memorandum or for any act or omission of the Issuers or any other person (other than the relevant Manager) in connection with the issue and offering of the Notes. Neither the delivery of this Information Memorandum or any Pricing Supplement or Drawdown Information Memorandum nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Information Memorandum is true subsequent to the date hereof or the date upon which this Information Memorandum has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the prospects or financial or trading position of the Issuer since the date thereof or, if later, the date upon which this Information Memorandum has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. To the fullest extent permitted by law, none of the Arrangers or any Dealers accept any responsibility for the contents of this Information Memorandum or for any other statement, made or purported to be made by the Arrangers or a Dealer or on its behalf in connection with the Issuer or the issue and offering of Notes. The Arrangers and each Dealer accordingly disclaim all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Information Memorandum or any such statement. None of the Dealers or the Arrangers makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Information Memorandum. Neither this Information Memorandum nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer or the Arrangers or any Dealers that any recipient of this Information Memorandum or any other financial statements should purchase Notes. Each investor contemplating purchasing Notes should determine for itself the relevance of the information contained in this Information Memorandum and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Arrangers or any Dealers undertakes to review the financial condition or affairs of the Issuer during the life of the

Programme nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers.

The distribution of this Information Memorandum and any Pricing Supplement or Drawdown Information Memorandum and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Information Memorandum or any Pricing Supplement or Drawdown Information Memorandum comes are required by the Issuer, the Arrangers and any Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Information Memorandum or any Pricing Supplement or Drawdown Information Memorandum and other offering material relating to the Notes, see "*Subscription and Sale*" and "*Transfer Restrictions*".

In particular, the Notes have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States, and Notes in bearer form are subject to U.S. tax law requirements. The Notes may not be offered, sold or (in the case of Notes in bearer form) delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except in certain transactions exempt from the registration requirements of the Securities Act.

The Notes may be offered and sold: (A) in bearer form or registered form outside the United States to non-U.S. persons in reliance on Regulation S; and (B) in registered form within the United States to qualified institutional buyers (as defined in Rule 144A) in reliance on Rule 144A. Prospective purchasers are hereby notified that sellers of the Notes may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A. For a description of these and certain further restrictions on offers, sales and transfers of Notes, see "*Subscription and Sale*" and "*Transfer Restrictions*".

NEITHER THE PROGRAMME NOR THE NOTES HAVE BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION (THE "SEC"), ANY STATE SECURITIES COMMISSION IN THE UNITED STATES OR ANY OTHER U.S. REGULATORY AUTHORITY, NOR HAS ANY OF THE FOREGOING AUTHORITIES PASSED UPON OR ENDORSED THE MERITS OF ANY OFFERING OF NOTES OR THE ACCURACY OR ADEQUACY OF THIS INFORMATION MEMORANDUM. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

Neither this Information Memorandum nor any Pricing Supplement or Drawdown Information Memorandum constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Arrangers or any Dealers or any of them that any recipient of this Information Memorandum or any Pricing Supplement or Drawdown Information Memorandum should subscribe for or purchase any Notes. Each recipient of this Information Memorandum or any Pricing Supplement or Drawdown Information Memorandum shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should: have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Information Memorandum and any applicable supplement; have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio; have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes; understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investments and its ability to bear the applicable risks.

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed U.S.\$3,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into U.S. dollars at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Dealer Agreement)). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under "*Subscription and Sale*".

In this Information Memorandum, unless otherwise specified, references to a "**Member State**" are references to a Member State of the European Economic Area (and not, for the avoidance of doubt, to a member of IDB Invest), references to "\$", "U.S.\$", "U.S. dollars" or "**dollars**" are to United States dollars, references to "EUR" or "**euro**" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended, references to "COP" are to Colombian pesos, references to "MXN" are to Mexican pesos, and references to "PYG" are to Paraguayan guaraní.

Certain figures included in this Information Memorandum have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) assigned to the Issuer or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Pricing Supplement.

MIFID II product governance / target market – The applicable Pricing Supplement or Drawdown Information Memorandum in respect of any Notes may include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

PRODUCT CLASSIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT (CHAPTER 289 OF SINGAPORE)

The Pricing Supplement in respect of any Notes may include a legend entitled "Notification under Section 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore, as modified or amended from time to time (the "**SFA**")" which will state the product classification of the Notes pursuant to section 309B(1) of the SFA.

The Issuer will make a determination in relation to each issue about the classification of the Notes being offered for the purposes of section 309B(1)(a). Any such legend included on the relevant Pricing Supplement will constitute notice to "relevant persons" for the purposes of section 309B(1)(c) of the SFA.

BENCHMARK REGULATION

Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the "**Benchmark Regulation**"). If any such reference rate does constitute such a benchmark, the applicable Pricing Supplement or Drawdown Information Memorandum will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 (*Register of administrators and benchmarks*) of the Benchmark Regulation. Transitional provisions in the Benchmark Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the applicable Pricing Supplement or Drawdown Information Memorandum. The registration status of any administrator under the Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the applicable Pricing Supplement or Drawdown Information Memorandum to reflect any change in the registration status of the administrator.

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Pricing Supplement or Drawdown Information Memorandum may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager(s) (or persons acting on behalf of the Stabilising Manager(s)) in accordance with all applicable laws and rules.

Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under "Risk Factors". Any forward-looking statements made by or on behalf of the Issuer speak only as at the date they are made. The Issuer does not undertake to update forward-looking statements to reflect any changes in its expectations with regard thereto or any changes in events, conditions or circumstances on which any such statement is based.

Taxation:	All payments in respect of Notes will be made free and clear of withholding taxes unless the withholding is required by law. In that event, the Issuer will (subject as provided in Condition 13 (<i>Taxation</i>)) pay such additional amounts as will result in the Noteholders receiving such amounts as they would have received in respect of such Notes had no such withholding been required.
Governing Law:	English law.
Ratings:	Tranches of Notes may be rated or unrated.

Selling Restrictions:

For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the United Kingdom, Japan, Hong Kong, Singapore, the United Arab Emirates (excluding the Dubai International Financial Centre) and the Dubai International Financial Centre (see "*Subscription and Sale*" below).

RISK FACTORS

Prospective investors should read the entire Information Memorandum. Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Information Memorandum have the same meanings in this section.

Investing in Notes issued under the Programme involves certain risks. Prospective investors should consider, among other things, the following:

Risk relating to the operations of the Issuer

The main risks the Issuer faces in its operations include:

Credit risk

The Issuer focuses on supporting enterprises and financial intermediaries that have difficulty accessing financing on adequate terms. It provides loans, and financing alternatives to corporates, financial intermediaries and projects, including warehousing facilities for securitization, guarantees for corporate, project and asset backed securities, debt and equity products for funds, equity and quasi-equity investments, and trade and supply chain finance products for financial intermediaries, small and medium-sized enterprises and corporates. This activity exposes the Issuer to loan portfolio, client and commercial risk. Whilst the Issuer conducts its operations within a framework of financial and risk management policies there can be no assurance that the Issuer's policies will adequately mitigate the credit risk inherent to its activities.

Geographic concentration risk

The Issuer's business is focused on Latin America and the Caribbean and therefore faces a geographic concentration risk. Any adverse changes affecting the economies in which the Issuer operates are likely to have an adverse impact on its activities and, as a result, on its financial condition and results of its operations.

Market risk

The Issuer is exposed to market risks as a result of general market movements and primarily through changes in interest and exchange rates that may affect its principal financing activities and the rate it earns on its investment portfolio. It is difficult to accurately predict or anticipate changes in economic or market conditions and such changes could have an adverse impact on the Issuer's business or results of operations.

Operational risk

Operational risks can arise from inadequate or failed procedures and processes, information and communication systems, external events and actions by staff and could have an adverse impact on the Issuer's business or results of operations.

Risk Relating To The Notes

Risks related to the structure of a particular issue of Notes

A wide range of notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common of such features:

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments, but as a way to reduce risks or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

There is no active trading market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market, for example, Notes may be allocated to a limited pool of investors (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Similarly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed trading market.

The Notes may be redeemed prior to maturity

Unless specified otherwise in the applicable Pricing Supplement or Drawdown Information Memorandum, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected or withheld as required by law, the Issuer may redeem all outstanding Notes in accordance with the Conditions.

In addition, if in the case of any particular Tranche of Notes the relevant Pricing Supplement or Drawdown Information Memorandum specifies that the Notes are redeemable at the Issuer's option in certain other circumstances the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg or DTC, investors will have to rely on their procedures for transfer, payment and communication with the Issuer

The Notes will initially be held by a common depositary or, as the case may be, a common safekeeper on behalf of Euroclear and/or Clearstream, Luxembourg and/or by a custodian on behalf of DTC in the form of either a Global Note or a Global Note Certificate which will be exchangeable for Definitive Notes or, as the case may be, Individual Note Certificates only in limited circumstances. For as long as any Notes are represented by a Global Note or a Global Note Certificate held by a common depositary or a common safekeeper on behalf of Euroclear and/or Clearstream, Luxembourg and/or by a custodian on behalf of DTC, payments of principal, interest (if any) and any other amounts due in respect of the Notes will be made through Euroclear and/or Clearstream, Luxembourg and/or DTC (as the case may be) against presentation or surrender (as the case may be) of the relevant Global Note or, as applicable, Global Note Certificate and, in the case of a Temporary Global Note, certification as to non-U.S. beneficial ownership. In the case of Bearer Notes, the bearer of the relevant Global Note, being the common depositary or, as the case may be, common safekeeper for Euroclear and/or Clearstream, Luxembourg, shall be treated by the Issuer and the Agents as the sole holder of the relevant Notes represented by such Global Note with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Notes. In the case of Registered Notes, each Note represented by a Global Note Certificate will be registered in the name of a nominee for Euroclear and Clearstream, Luxembourg or DTC and such nominee shall be treated by the Issuer and the Agents as the sole holder of the relevant Notes represented by such Global Note Certificate with respect to the payment of principal, interest (if any) and any other amounts payable in respect of such Notes. A holder of a beneficial interest in a Global Note or a Global Note Certificate must rely on the procedures of Euroclear, Clearstream, Luxembourg and/or DTC to receive payments under the relevant Notes.

The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to such "benchmarks"

The London Interbank Offered Rate ("LIBOR"), the Euro Interbank Offered Rate ("EURIBOR") and other indices which are deemed to be "benchmarks" are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such "benchmarks" to perform differently than in the

past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to such a "benchmark".

The Benchmarks Regulation was published in the Official Journal of the European Union (the "EU") on 29 June 2016 and entered into force on 1 January 2018 (subject to certain transitional provisions). The Benchmarks Regulation applies to the provision of "benchmarks", the contribution of input data to a "benchmark" and the use of a "benchmark", within the EU. Among other things, it: (i) requires "benchmark" administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed); and (ii) prevents certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to a rate or index deemed to be a "benchmark", in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the "benchmark".

More broadly, any of the international, national or other proposals for reform, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Specifically, the sustainability of LIBOR has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of "benchmark" reforms) for market participants to continue contributing to such "benchmarks".

On 27 July 2017 and in a subsequent speech by its Chief Executive on 12 July 2018, the UK Financial Conduct Authority ("FCA"), which regulates LIBOR, confirmed that it intends to stop persuading or compelling banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. The announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. Separate workstreams are also underway in Europe to reform EURIBOR using a hybrid methodology and to provide a fallback by reference to a euro risk-free rate (based on a euro overnight risk-free rate as adjusted by a methodology to create a term rate).

It is impossible to predict whether and to what extent LIBOR and/or EURIBOR will continue to be supported going forward, or whether any additional reforms to LIBOR and/or EURIBOR may be enacted in the United Kingdom, the EU or elsewhere. This may cause LIBOR and/or EURIBOR to perform differently than it did in the past and may have other consequences which cannot be predicted.

Such factors may have the following effects on certain "benchmarks": (i) discourage market participants from continuing to administer or contribute to such "benchmark"; (ii) trigger changes in the rules or methodologies used in the "benchmarks" or (iii) lead to the disappearance of the "benchmark". Any of the above changes or any other consequential changes as a result of international, national or other proposals for reform or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to a "benchmark".

Investors should be aware that, if any "benchmark" were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference such "benchmark" will be determined for the relevant period by the fall-back provisions applicable to such Instruments. Depending on the manner in which the "benchmark" rate is to be determined under the Terms and Conditions, this may (i), be reliant upon the provision by reference banks of offered quotations for the "benchmark" rate which, depending on market circumstances, may not be available at the relevant time or (ii), result in the effective application of a fixed rate based on the rate which applied in the previous period when the relevant "benchmark" was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes which reference a "benchmark" rate.

If a Benchmark Event (as defined in the Terms and Conditions) occurs, there is a possibility that the rate of interest could alternatively be set by an Independent Adviser (without a requirement for the consent or approval of the Noteholders) by reference to a successor rate or an alternative reference rate and that such successor rate or alternative reference rate may be adjusted (if required) in order to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant "benchmark". However, it may not

be possible to determine or apply an adjustment spread and even if an adjustment is applied, such adjustment spread may not be effective to reduce or eliminate economic prejudice to investors. If no adjustment spread can be determined, a successor rate or alternative rate may nonetheless be used to determine the rate of interest. The use of a successor rate or alternative rate (including with the application of an adjustment spread) will still result in any Notes linked to or referencing the relevant "benchmark" performing differently (which may include payment of a lower rate of interest) than they would if the relevant "benchmark" were to continue to apply in its current form. Consent of the Noteholders shall not be required in connection with effecting a successor rate or an alternative reference rate (as applicable) or such other changes, including for the execution of any documents or other steps by the Agents. The Issuer shall promptly, following the determination of any successor rate, give notice thereof to the Agents, which shall specify the effective date(s) for such successor rate or alternative rate and any consequential changes made to these Terms and Conditions.

Investors in Floating Rate Notes which reference such other "benchmarks" should be mindful of the applicable interest rate fall-back provisions applicable to such Notes and the adverse effect this may have on the value or liquidity of, and return on, any Floating Rate Notes which reference any such "benchmark". Due to the uncertainty concerning the availability of successor rates and alternative reference rates, the involvement of an Independent Adviser, the potential for further regulatory developments, there is a risk that the relevant fallback provisions may not operate as intended at the relevant time.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms, investigations and licensing issues in making any investment decision with respect to the Notes linked to a "benchmark".

DOCUMENTS INCORPORATED BY REFERENCE

The following documents shall be deemed to be incorporated in, and to form part of, this Information Memorandum:

- (a) the most recently published audited financial statements of the Issuer from time to time;
- (b) all supplements to this Information Memorandum circulated by the Issuer from time to time; and
- (c) any other document issued or information published by the Issuer and explicitly stating therein or that it is to be incorporated by reference to this Information Memorandum,

save that any statement contained herein, in the most recently published audited financial statements of the Issuer or in such documents as are referred to in paragraph (b) above, shall be deemed to be modified or superseded for the purpose of this Information Memorandum to the extent that a statement contained in any such document subsequently incorporated by reference modifies or supersedes such statement.

In relation to paragraphs (a), (b) and (c) above, information incorporated by reference may be included in a separate document, set out in a Pricing Supplement and/or posted on the website of the Issuer (www.idbinvest.org/).

PRICING SUPPLEMENT AND DRAWDOWN INFORMATION MEMORANDUM

In this section the expression "necessary information" means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and of the rights attaching to the Notes. In relation to the different types of Notes which may be issued under the Programme the Issuer has endeavoured to include in this Information Memorandum all of the necessary information except for information relating to the Notes which is not known at the date of this Information Memorandum and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Information Memorandum and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Pricing Supplement or in a Drawdown Information Memorandum.

For a Tranche of Notes which is the subject of Pricing Supplement, the Pricing Supplement will, for the purposes of that Tranche only, supplement this Information Memorandum and must be read in conjunction with this Information Memorandum. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Pricing Supplement are the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Pricing Supplement.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Information Memorandum will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Information Memorandum. In the case of a Tranche of Notes which is the subject of a Drawdown Information Memorandum, each reference in this Information Memorandum to information being specified or identified in the relevant Pricing Supplement shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Information Memorandum unless the context requires otherwise.

FORMS OF THE NOTES

Bearer Notes

Each Tranche of Notes in bearer form ("**Bearer Notes**") will initially be in the form of either a temporary global note in bearer form (the "**Temporary Global Note**"), without interest coupons, or a permanent global note in bearer form (the "**Permanent Global Note**"), without interest coupons, in each case as specified in the relevant Pricing Supplement. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in new global note ("**NGN**") form, as specified in the relevant Pricing Supplement, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depository or a common depository for Euroclear Bank SA/NV as operator of the Euroclear System ("**Euroclear**") and/or Clearstream Banking S.A. ("**Clearstream, Luxembourg**") and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Pricing Supplement, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the central banking system for the euro (the "**Eurosystem**"), **provided that** certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

In the case of each Tranche of Bearer Notes, the relevant Pricing Supplement will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the "**TEFRA C Rules**") or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the "**TEFRA D Rules**") are applicable in relation to the Notes or, if the Notes are issued in registered form for U.S. federal income tax purposes or if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Pricing Supplement specifies the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the delivery of a Permanent Global Note, duly authenticated and, in the case of a NGN, effectuated, to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) presentation and surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership,

within 7 days of the bearer requesting such exchange.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Pricing Supplement specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Bearer Notes in definitive form ("**Definitive Notes**") not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Pricing Supplement specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Pricing Supplement), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Pricing Supplement specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Pricing Supplement; or
- (ii) at any time, if so specified in the relevant Pricing Supplement; or
- (iii) if the relevant Pricing Supplement specifies "in the limited circumstances described in the Permanent Global Note", then if either of the following even occurs:
 - (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or
 - (b) any of the circumstances described in Condition 14 (*Events of Default*) occurs.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Pricing Supplement), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

The exchange upon notice/at any time options should not be expressed to be applicable if the Specified Denomination of the Notes includes language substantially to the following effect: "U.S.\$100,000 and integral multiples of U.S.\$1,000 in excess thereof up to and including U.S.\$199,000". Furthermore, such Specified Denomination construction is not permitted in relation to any issuance of Notes which is to be represented on issue by a Permanent Bearer Global Notes exchangeable for Definitive Notes.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under "Terms and Conditions of the Notes" below and the provisions of the relevant Pricing Supplement which supplement, amend and/or replace those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "Summary of Provisions Relating to the Notes while in Global Form" below.

Legend concerning United States persons

In the case of any Tranche of Bearer Notes that is not treated as issued in registered form for U.S. federal income tax purposes or has a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

Registered Notes

Each Tranche of Notes in registered form ("**Registered Notes**") will be represented by either:

- (i) individual Note Certificates in registered form ("**Individual Note Certificates**"); or
- (ii) one or more unrestricted global note certificates ("**Unrestricted Global Note Certificate(s)**") in the case of Registered Notes sold outside the United States to non-U.S. persons in reliance on Regulation S ("**Unrestricted Registered Notes**") and/or one or more restricted global note certificates ("**Restricted Global Note Certificate(s)**") in the case of Registered Notes sold to QIBs in reliance on Rule 144A ("**Restricted Registered Notes**"),

in each case as specified in the relevant Pricing Supplement, and references in this Information Memorandum to "**Global Note Certificates**" shall be construed as a reference to Unrestricted Global Note Certificates and/or Restricted Global Note Certificates.

In a press release dated 22 October 2008, "*Evolution of the custody arrangement for international debt securities and their eligibility in Eurosystem credit operations*", the ECB announced that it has assessed the new holding structure and custody arrangements for registered notes which the ICSDs had designed in cooperation with market participants and that Notes to be held under the new structure (the "**New Safekeeping Structure**" or "**NSS**") would be in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the central banking system for the euro (the "**Eurosystem**"), subject to the conclusion of the necessary legal and contractual arrangements. The press release also stated that the new arrangements for Notes to be held in NSS form will be offered by Euroclear and Clearstream, Luxembourg as of June 30, 2010 and that registered debt securities in global registered form issued through Euroclear and Clearstream, Luxembourg after September 30, 2010 will only be eligible as collateral in Eurosystem operations if the New Safekeeping Structure is used.

Each Note represented by a Restricted Global Note Certificate will be registered in the name of Cede & Co. (or such other entity as is specified in the applicable Pricing Supplement) as nominee for The Depository Trust Company ("**DTC**") and each relevant Global Note Certificate will be deposited on or about the issue date with the custodian for DTC (the "**DTC Custodian**").

Each Note represented by an Unrestricted Global Note Certificate will either be: (a) in the case of a Certificate which is not to be held under the new safekeeping structure ("**New Safekeeping Structure**" or "**NSS**"), registered in the name of a common depository (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Unrestricted Global Note Certificate will be deposited on or about the issue date with the common depository; or (b) in the case of a Certificate to be held under the New Safekeeping Structure, be registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Unrestricted Global Note Certificate will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg.

If the relevant Pricing Supplement specifies the form of Notes as being "Individual Note Certificates", then the Notes will at all times be represented by Individual Note Certificates issued to each Noteholder in respect of their respective holdings.

Global Note Certificate exchangeable for Individual Note Certificates

If the relevant Pricing Supplement specifies the form of Notes as being "Global Note Certificate exchangeable for Individual Note Certificates", then the Notes will initially be represented by one or more Global Note Certificates each of which will be exchangeable in whole, but not in part, for Individual Note Certificates:

- (i) on the expiry of such period of notice as may be specified in the relevant Pricing Supplement; or
- (ii) at any time, if so specified in the relevant Pricing Supplement; or

- (iii) if the relevant Pricing Supplement specifies "in the limited circumstances described in the Global Note Certificate", then:
 - (a) in the case of any Global Note Certificate held by or on behalf of DTC, if DTC notifies the Issuer that it is no longer willing or able to discharge properly its responsibilities as depository with respect to the Global Note Certificate or DTC ceases to be a "clearing agency" registered under the Exchange Act or if at any time DTC is no longer eligible to act as such, and the relevant Issuer is unable to locate a qualified successor within 90 days of receiving notice or becoming aware of such ineligibility on the part of DTC;
 - (b) in the case of any Unrestricted Global Note Certificate, if Euroclear, Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; and
 - (c) in any case, if any of the circumstances described in Condition 14 (*Events of Default*) occurs.

Whenever a Global Note Certificate is to be exchanged for Individual Note Certificates, each person having an interest in a Global Note Certificate must provide the Registrar (through the relevant clearing system) with such information as the Issuer and the Registrar may require to complete and deliver Individual Note Certificates (including the name and address of each person in which the Notes represented by the Individual Note Certificates are to be registered and the principal amount of each such person's holding). In addition, whenever a Restricted Global Note Certificate is to be exchanged for Individual Note Certificates, each person having an interest in the Restricted Global Note Certificate must provide the Registrar (through the relevant clearing system) with a certificate given by or on behalf of the holder of each beneficial interest in the Restricted Global Note Certificate stating either (i) that such holder is not transferring its interest at the time of such exchange or (ii) that the transfer or exchange of such interest has been made in compliance with the transfer restrictions applicable to the Notes and that the person transferring such interest reasonably believes that the person acquiring such interest is a QIB and is obtaining such beneficial interest in a transaction meeting the requirements of Rule 144A. Individual Note Certificates issued in exchange for interests in the Restricted Global Note Certificate will bear the legends and be subject to the transfer restrictions set out under "Transfer Restrictions".

Whenever a Global Note Certificate is to be exchanged for Individual Note Certificates, the Issuer shall procure that Individual Note Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Note Certificate within five business days of the delivery, by or on behalf of the registered holder of the Global Note Certificate to the Registrar of such information as is required to complete and deliver such Individual Note Certificates against the surrender of the Global Note Certificate at the specified office of the Registrar.

Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled to the Agency Agreement and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Individual Note Certificate will be endorsed on that Individual Note Certificate and will consist of the terms and conditions set out under "Terms and Conditions of the Notes" below and the provisions of the relevant Pricing Supplement which supplement, amend and/or replace those terms and conditions.

The terms and conditions applicable to any Global Note Certificate will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "Summary of Provisions Relating to the Notes while in Global Form" below.

Summary of Provisions relating to the Notes while in Global Form

Clearing System Accountholders

In relation to any Tranche of Notes represented by a Global Note, references in the Terms and Conditions of the Notes to "Noteholder" are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary, in the case of a CGN, or a common safekeeper, in the case of an NGN for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

In relation to any Tranche of Notes represented by one or more Global Note Certificates, references in the Terms and Conditions of the Notes to "Noteholder" are references to the person in whose name the relevant Global Note Certificate is for the time being registered in the Register which (a) in the case of a Restricted Global Note Certificate held by or on behalf of DTC, will be Cede & Co. (or such other entity as is specified in the applicable Pricing Supplement) as nominee for DTC; and (b) in the case of any Unrestricted Global Note Certificate which is held by or on behalf of a depositary or a common depositary or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or common safekeeper or a nominee for that depositary or common depositary or common safekeeper.

Each of the persons shown in the records of DTC, Euroclear, Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note or a Global Note Certificate (each an "**Accountholder**") must look solely to DTC, Euroclear, Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the holder of such Global Note or Global Note Certificate and in relation to all other rights arising under such Global Note or Global Note Certificate. The extent to which, and the manner in which, Accountholders may exercise any rights arising under a Global Note or Global Note Certificate will be determined by the respective rules and procedures of DTC, Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by a Global Note or Global Note Certificate, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes and such obligations of the Issuer will be discharged by payment to the holder of such Global Note or Global Note Certificate.

Transfers of Interests in Global Notes and Global Note Certificates

Transfers of interests in Global Notes and Global Note Certificates within DTC, Euroclear and Clearstream, Luxembourg or any other relevant clearing system will be in accordance with their respective rules and operating procedures. None of the Issuer, the Registrar, the Dealers or the Agents will have any responsibility or liability for any aspect of the records of any DTC, Euroclear and Clearstream, Luxembourg or any other relevant clearing system or any of their respective participants relating to payments made on account of beneficial ownership interests in a Global Note or Global Note Certificate or for maintaining, supervising or reviewing any of the records of DTC, Euroclear and Clearstream, Luxembourg or any other relevant clearing system or the records of their respective participants relating to such beneficial ownership interests.

The laws of some states of the United States require that certain persons receive individual certificates in respect of their holdings of Notes. Consequently, the ability to transfer interests in a Global Note Certificate to such persons will be limited. Because clearing systems only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in a Global Note Certificate to pledge such interest to persons or entities which do not participate in the relevant clearing systems, or otherwise take actions in respect of such interest, may be affected by the lack of an Individual Note Certificate representing such interest.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described under "Transfer Restrictions", transfers between DTC participants, on the one hand, and Euroclear or Clearstream, Luxembourg accountholders, on the other will be effected by the relevant clearing systems in accordance with their respective rules and through action taken by the DTC Custodian, the Registrar and the Fiscal Agent.

On or after the issue date for any Series, transfers of Notes of such Series between accountholders in Euroclear and/or Clearstream, Luxembourg and transfers of Notes of such Series between participants in

DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Transfers between DTC participants, on the one hand, and Euroclear or Clearstream, Luxembourg accountholders, on the other will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Euroclear and Clearstream, Luxembourg, on the other, transfers of interests in the relevant Global Note Certificates will be effected through the Fiscal Agent, the DTC Custodian, the relevant Registrar and any applicable Transfer Agent receiving instructions (and where appropriate certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. Transfers will be effected on the later of (i) three business days after the trade date for the disposal of the interest in the relevant Global Note Certificate resulting in such transfer and (ii) two business days after receipt by the Fiscal Agent or the Registrar, as the case may be, of the necessary certification or information to effect such transfer. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately. The customary arrangements for delivery versus payment between Euroclear and Clearstream, Luxembourg account holders or between DTC participants are not affected.

For a further description of restrictions on the transfer of Notes, see "*Subscription and Sale*" and "*Transfer Restrictions*".

Upon the issue of a Global Note Certificate to be held by or on behalf of DTC or the DTC Custodian will credit the respective nominal amounts of the individual beneficial interests represented by such Global Note Certificate to the account of DTC participants. Ownership of beneficial interests in such Global Note Certificate will be held through participants of DTC, including the respective depositaries of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in such Global Note Certificate will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee. DTC has advised the Issuer that it will take any action permitted to be taken by a holder of Registered Notes represented by a Global Note Certificate held by or on behalf of DTC (including, without limitation, the presentation of such Global Note Certificates for exchange as described above) only at the direction of one or more participants in whose account with DTC interests in such Global Note Certificate are credited, and only in respect of such portion of the aggregate nominal amount of such Global Note Certificate as to which such participant or participants has or have given such direction. However, in certain circumstances, DTC will exchange the relevant Global Note Certificate for Individual Note Certificates (which will bear the relevant legends set out in "*Transfer Restrictions*").

Although DTC, Euroclear and Clearstream, Luxembourg have agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Note Certificates among participants and account holders of DTC, Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. - (e) *Ownership:* The Holder of any Note or Coupon shall (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing thereon or, in the case of Registered Notes, on the Note Certificate relating thereto (other than the endorsed form of transfer) or any notice of any previous loss or theft thereof) and no Person shall be liable for so treating such Holder. No person shall have any right to enforce any term or condition of any Note under the Contracts (Rights of Third Parties) Act 1999.
- (f) *Transfers of Registered Notes:* Subject to paragraphs (i) (*Closed periods*) and (j) (*Regulations concerning transfers and registration*) below, a Registered Note may be transferred upon surrender of the relevant Note Certificate, with the endorsed form of transfer duly completed, at the Specified Office of the Registrar or any Transfer Agent, together with such evidence as the Registrar or (as the case may be) such Transfer Agent may reasonably require to prove the title of the transferor and the authority of the individuals who have executed the form of transfer; **provided, however, that** a Registered Note may not be transferred unless the principal amount of Registered Notes transferred and (where not all of the Registered Notes held by a Holder are being transferred) the principal amount of the balance of Registered Notes not transferred are Specified Denominations. Where not all the Registered Notes represented by the surrendered Note Certificate are the subject of the transfer, a new Note Certificate in respect of the balance of the Registered Notes will be issued to the transferor.
- (g) *Registration and delivery of Note Certificates:* Within five business days of the surrender of a Note Certificate in accordance with paragraph (f) (*Transfers of Registered Notes*) above, the Registrar will register the transfer in question and deliver a new Note Certificate of a like principal amount to the Registered Notes transferred to each relevant Holder at its Specified Office or (as the case may be) the Specified Office of any Transfer Agent or (at the request and risk of any such relevant Holder) by uninsured first class mail (airmail if overseas) to the address specified for the purpose by such relevant Holder. In this paragraph, "**business day**" means a day on which commercial banks are open for general business (including dealings in foreign currencies) in the city where the Registrar or (as the case may be) the relevant Transfer Agent has its Specified Office.
- (h) *No charge:* The transfer of a Registered Note will be effected without charge by or on behalf of the Issuer or the Registrar or any Transfer Agent but against such indemnity as the Registrar or (as the case may be) such Transfer Agent may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such transfer.
- (i) *Closed periods:* Noteholders may not require transfers to be registered during the period of 15 days ending on the due date for any payment of principal or interest in respect of the Registered Notes.
- (j) *Regulations concerning transfers and registration:* All transfers of Registered Notes and entries on the Register are subject to the detailed regulations concerning the transfer of Registered Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer with the prior written approval of the Registrar. A copy of the current regulations will be mailed (free of charge) by the Registrar to any Noteholder who requests in writing a copy of such regulations.

4. **Status**

Status of the Notes: The Notes constitute unsecured, unsubordinated, direct, general and unconditional obligations of the Issuer which will at all times rank *pari passu* among themselves and at least *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

5. **Negative Pledge**

So long as any Note remains outstanding, the Issuer shall not, create or permit to subsist any Security Interest upon the whole or any part of its present or future undertaking, assets or revenues (including uncalled capital) to secure any Relevant Indebtedness (a) at the same time or prior thereto securing the Notes equally and rateably therewith or (b) providing such other security for the Notes as may be approved by an Extraordinary Resolution of Noteholders.

6. **Fixed Rate Note Provisions**

- (a) *Application:* This Condition 6 (*Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Pricing Supplement as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 11 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Fixed Coupon Amount:* The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.
- (d) *Calculation of interest amount:* The amount of interest payable in respect of the Notes for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the outstanding principal amount, multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

7. **Floating Rate Note and Index-Linked Interest Note Provisions**

- (a) *Application:* This Condition 7 (*Floating Rate Note and Index-Linked Interest Note Provisions*) is applicable to the Notes only if the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions are specified in the relevant Pricing Supplement as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 11 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

(c) *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent (in consultation with the Issuer), at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

(d) *ISDA Determination:* If ISDA Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Pricing Supplement;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Pricing Supplement; and
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Pricing Supplement.

- (e) *Index-Linked Interest:* If the Index-Linked Interest Note Provisions are specified in the relevant Pricing Supplement as being applicable, the Rate(s) of Interest applicable to the Notes for each Interest Period will be determined in the manner specified in the relevant Pricing Supplement.
- (f) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Pricing Supplement, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.
- (g) *Calculation of Interest Amount:* The amount of interest payable in respect of the Notes for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the outstanding principal amount, multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards). For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.
- (h) *Calculation of other amounts:* If the relevant Pricing Supplement specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Pricing Supplement.
- (i) *Publication:* Subject to Condition 7(k) (*Benchmark discontinuation*), the Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange (or listing agent as the case may be) and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest), Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.
- (j) *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.
- (k) *Benchmark discontinuation*

- (i) *Independent Adviser*

Notwithstanding the provisions above in this Condition 7, if a Benchmark Event occurs in relation to an Original Reference Rate at any time when these Conditions provide for any remaining Rate of Interest (or any component part(s) thereof) to be determined by reference to such Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 7(k)(ii)) and, in either case, an Adjustment Spread if any (in accordance with Condition 7(k)(iii)) and any Benchmark Amendments (in accordance with Condition 7(k)(iv)).

An Independent Adviser appointed pursuant to this Condition 7(k) shall act in good faith as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, any other party specified in the applicable

Pricing Supplement as being responsible for calculating the Rate of Interest or the Noteholders or Couponholders for any determination made by it or for any advice given to the Issuer in connection with the operation of this Condition 7(k).

(ii) *Successor Rate or Alternative Rate*

If the Independent Adviser determines that:

- (A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 7(k)(iii)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 7(k)); or
- (B) there is no Successor Rate but there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 7(k)(iii)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 7(k)).

(iii) *Adjustment Spread*

If the Independent Adviser determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable)).

(iv) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 7(k) and the Independent Adviser determines (i) that amendments to these Conditions (including without limitation, amendments to the definitions of Day Count Fraction, Business Day or Relevant Screen Page) are necessary to follow market practice or to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and/or the Agency Agreement and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 7(k), without any requirement for the consent or approval of Noteholders or Couponholders, vary these Conditions and/or the Agency Agreement give effect to such Benchmark Amendments with effect from the date specified in such notice provided that the Agents shall not be obliged to effect any Benchmark Amendment if in the sole opinion of the relevant Agent doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the relevant Agent in these Conditions and/or the Agency Agreement in any way.

In connection with any such variation in accordance with this Condition 7(k), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading.

(v) *Notices, etc.*

The Issuer will notify the Agents, any other party specified in the applicable Pricing Supplement as being responsible for calculating the Rate of Interest and, in accordance with Condition 11, the Noteholders and the Couponholders promptly of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 7(k).

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice will (in the absence of manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any)) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders.

(vi) *Survival of Original Reference Rate*

Without prejudice to the obligations of the Issuer under the provisions of this Condition 7(k), the Original Reference Rate and the fallback provisions provided for in Condition 7(c) will continue to apply unless and until the Calculation Agent has been notified of a Successor Rate, failing which an Alternative Rate and, in either case, an Adjustment Spread if any and any Benchmark Amendments.

(vii) *Fallbacks*

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the relevant Interest Determination Date, no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this Condition 7(k) by such Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest determined in relation to the Notes in respect of the immediately preceding Interest Period (save for substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period).

For the avoidance of doubt, this Condition 7(k) shall apply to the determination of the Rate of Interest on the relevant Interest Determination Date only, and the Rate of Interest applicable to any subsequent Interest Period(s) is subject to the subsequent operation of, and to adjustment as provided in, this Condition 7(k).

(viii) *Definitions*

In this Condition 7(k):

"**Adjustment Spread**" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines should be applied to the Successor Rate or the Alternative Rate (as the case may be) as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (A) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (B) in the case of an Alternative Rate or (where (i) above does not apply) in the case of a Successor Rate, the Independent Adviser determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (C) (if the Independent Adviser determines that (i) above does not apply and no such spread, formula or methodology is recognised or acknowledged as being customary market usage as referred to in (ii) above) the Independent Adviser determines to be appropriate,

in each case, in order to put the Issuer, the Noteholders and Couponholders in substantially the same economic position as prior to the occurrence of the Benchmark Event and the subsequent operation of this Condition;

"Alternative Rate" means an alternative to the Reference Rate which the Independent Adviser determines in accordance with Condition 7(k)(ii) has replaced the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) or if no such rate exists, the rate which is most comparable to the Original Reference Rate, for a comparable interest period and in the same Specified Currency as the Notes;

"Benchmark Amendments" has the meaning given to it in Condition 7(k)(iv);

"Benchmark Event" means:

- (A) the Original Reference Rate ceasing to be calculated, administered or published;
- (B) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six months prior to the specified date referred to in (B)(i) above;
- (C) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;
- (D) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (B) the date falling six months prior to the specified date referred to in (D)(i) above;
- (E) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case on or before a specified date and (ii) the date falling six months prior to the specified date referred to in (E)(i) above;
- (F) it has become unlawful for the Fiscal Agent, any Calculation Agent or other party to calculate any payments due to be made to any Noteholder or Couponholder using the Original Reference Rate;

"Independent Adviser" means an independent financial institution of international repute or an independent financial adviser with appropriate expertise appointed by the Issuer under Condition 7(k) at its own expense;

"Original Reference Rate" means the originally-specified Reference Rate used to determine the relevant Rate of Interest (or any component part thereof) on the Notes;

"Relevant Nominating Body" means, in respect of the Original Reference Rate:

- (A) the central bank, reserve bank, monetary authority or any similar institution for the currency to which the Original Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the Original Reference Rate; or
- (B) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank, reserve bank, monetary authority or any similar institution for the currency to which the Original Reference Rate relates, (b) any central bank or other supervisory authority which is responsible

for supervising the administrator of the Original Reference Rate, (c) a group of the aforementioned central banks or other supervisory authorities, or (d) the Financial Stability Board or any part thereof; and

"**Successor Rate**" means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

8. **Zero Coupon Note Provisions**

- (a) *Application:* This Condition 8 (*Zero Coupon Note Provisions*) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Pricing Supplement as being applicable.
- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

9. **Dual Currency Note Provisions**

- (a) *Application:* This Condition 9 (*Dual Currency Note Provisions*) is applicable to the Notes only if the Dual Currency Note Provisions are specified in the relevant Pricing Supplement as being applicable.
- (b) *Rate of Interest:* If the rate or amount of interest falls to be determined by reference to an exchange rate, the rate or amount of interest payable shall be determined in the manner specified in the relevant Pricing Supplement.

10. **Redemption and Purchase**

- (a) *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 11 (*Payments*).
- (b) *Redemption for tax reasons:* The Notes may be redeemed at the option of the Issuer in whole, but not in part:
 - (i) at any time (if neither the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions are specified in the relevant Pricing Supplement as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions are specified in the relevant Pricing Supplement as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:
 - (A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 13 (*Taxation*) as a result of any change in, or amendment to, any applicable tax, laws or regulations, or any change in the application or official interpretation of such laws or regulations (including a holding by a court

of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Notes; and

- (B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Notes may be redeemed at any time, 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due; or
- (2) where the Notes may be redeemed only on an Interest Payment Date, 60 days prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred. Upon the expiry of any such notice as is referred to in this Condition 10(b), the Issuer shall be bound to redeem the Notes in accordance with this Condition 10(b).

- (c) *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Pricing Supplement as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Pricing Supplement, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).
- (d) *Partial redemption:* If the Notes are to be redeemed in part only on any date in accordance with Condition 10(c) (*Redemption at the option of the Issuer*), in the case of Bearer Notes, the Notes to be redeemed shall be selected by the drawing of lots in such place as the Fiscal Agent approves and in such manner as the Fiscal Agent considers appropriate, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the notice to Noteholders referred to in Condition 10(c) (*Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed, and, in the case of Registered Notes, each Note shall be redeemed in part in the proportion which the aggregate principal amount of the outstanding Notes to be redeemed on the relevant Optional Redemption Date (Call) bears to the aggregate principal amount of outstanding Notes on such date. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Pricing Supplement, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.
- (e) *Redemption at the option of Noteholders:* If the Put Option is specified in the relevant Pricing Supplement as being applicable, the Issuer shall, at the option of the Holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 10(e), the Holder of a Note must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put), deposit with any Paying Agent such Note together with all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 10(e), may be withdrawn; **provided, however, that** if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable

or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 10(e), the depositor of such Note and not such Paying Agent shall be deemed to be the Holder of such Note for all purposes.

- (f) *No other redemption:* The Issuer shall not be entitled to redeem the Notes otherwise than as provided in paragraphs (a) to (e) above.
- (g) *Early redemption of Zero Coupon Notes:* Unless otherwise specified in the relevant Pricing Supplement, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Pricing Supplement for the purposes of this Condition 10(g) or, if none is so specified, a Day Count Fraction of 30E/360.

- (h) *Purchase:* The Issuer may at any time purchase Notes in the open market or otherwise and at any price, **provided that** all unmatured Coupons are purchased therewith.
- (i) *Cancellation:* All Notes so redeemed or purchased by the Issuer and any unmatured Coupons attached to or surrendered with them shall be cancelled and may not be reissued or resold.

11. **Payments - Bearer Notes**

This Condition 11 is only applicable to Bearer Notes.

- (a) *Principal:* Payments of principal shall be made only against presentation and (**provided that** payment is made in full) surrender of Bearer Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency.
- (b) *Interest:* Payments of interest shall, subject to paragraph (h) below, be made only against presentation and (**provided that** payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in paragraph (a) above.
- (c) *Payments in New York City:* Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law.
- (d) *Payments subject to fiscal laws:* All payments in respect of the Bearer Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 13 (*Taxation*); and notwithstanding the provisions of Condition 13 (*Taxation*), any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise

imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

- (e) *Deductions for unmatured Coupons:* If the relevant Pricing Supplement specifies that the Fixed Rate Note Provisions are applicable and a Bearer Note is presented without all unmatured Coupons relating thereto:
- (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; **provided, however, that** if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;
 - (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the "**Relevant Coupons**") being equal to the amount of principal due for payment; **provided, however, that** where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; **provided, however, that**, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.
- Each sum of principal so deducted shall be paid in the manner provided in paragraph (a) above against presentation and (**provided that** payment is made in full) surrender of the relevant missing Coupons.
- (f) *Unmatured Coupons void:* If the relevant Pricing Supplement specifies that this Condition 11(f) is applicable or that the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 10(b) (*Redemption for tax reasons*), Condition 10(e) (*Redemption at the option of Noteholders*), Condition 10(c) (*Redemption at the option of the Issuer*) or Condition 14 (*Events of Default*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- (g) *Payments on business days:* If the due date for payment of any amount in respect of any Bearer Note or Coupon is not a Payment Business Day in the place of presentation, the Holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.
- (h) *Payments other than in respect of matured Coupons:* Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Bearer Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by paragraph (c) above).

- (i) *Partial payments:* If a Paying Agent makes a partial payment in respect of any Bearer Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.
- (j) *Exchange of Talons:* On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Bearer Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Fiscal Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 15 (*Prescription*)). Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

This Condition 12 is only applicable to Registered Notes.

- (a) *Principal:* Payments of principal shall be made by cheque drawn in the currency in which the payment is due drawn on, or, upon application by a Holder of a Registered Note to the Specified Office of the Fiscal Agent not later than the fifteenth day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.
- (b) *Interest:* Payments of interest shall be made by cheque drawn in the currency in which the payment is due drawn on, or, upon application by a Holder of a Registered Note to the Specified Office of the Fiscal Agent not later than the fifteenth day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of interest payable on redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.
- (c) *Payments subject to fiscal laws:* All payments in respect of the Registered Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 13 (*Taxation*); and notwithstanding the provisions of Condition 13 (*Taxation*), any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Noteholders in respect of such payments.
- (d) *Payments on business days:* Where payment is to be made by transfer to an account, payment instructions (for value the due date, or, if the due date is not Payment Business Day, for value the next succeeding Payment Business Day) will be initiated and, where payment is to be made by cheque, the cheque will be mailed (i) (in the case of payments of principal and interest payable on redemption) on the later of the due date for payment and the day on which the relevant Note Certificate is surrendered (or, in the case of part payment only, endorsed) at the Specified Office of a Paying Agent and (ii) (in the case of payments of interest payable other than on redemption) on the due date for payment. - (e) *Partial payments:* If a Paying Agent makes a partial payment in respect of any Registered Note, the Issuer shall procure that the amount and date of such payment are noted on the Register and, in

- (f) *Record date:* Each payment in respect of a Registered Note will be made to the person shown as the Holder in the Register at the close of business in the place of the Registrar's Specified Office on the fifteenth day before the due date for such payment (the "**Record Date**"). In that event, the Issuer shall pay such additional amounts as will result in receipt by the Noteholders and the Couponholders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Note or Coupon:
- (i) held by or on behalf of a Holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of its having some connection with the jurisdiction by which such taxes, duties, assessments or charges have been imposed, levied, collected, withheld or assessed other than the mere holding of the Note or Coupon; or
 - (ii) where the relevant Note or Coupon or Note Certificate is presented or surrendered for payment more than 30 days after the Relevant Date except to the extent that the Holder of such Note or Coupon would have been entitled to such additional amounts on presenting or surrendering such Note or Coupon or Note Certificate for payment on the last day of such period of 30 days.

If any of the following events occurs and is continuing:

- (a) *Non-payment:* the Issuer fails to pay any amount of principal in respect of the Notes on the due date for payment thereof or fails to pay any amount of interest in respect of the Notes within 30 days of the due date for payment thereof; or
- (b) *Breach of other obligations:* the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes and such default remains unremedied for 90 days after written notice thereof, addressed to the Issuer by any Noteholder, has been delivered to the Issuer or to the Specified Office of the Fiscal Agent; or
- (c) *Termination of Operations:* the Issuer shall terminate its operations by resolution of its Board of Governors and cease to carry on its activities as provided for in the Establishing Agreement, except for those activities incident to the conservation, preservation and realisation of its assets and settlement of its obligations,

Mutilated or defaced Notes, Note Certificates or Coupons must be surrendered before replacements will be issued.

17. **Agents**

In acting under the Agency Agreement and in connection with the Notes and the Coupons, the Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders or Couponholders.

The initial Agents and their initial Specified Offices are listed below. The initial Calculation Agent (if any) is specified in the relevant Pricing Supplement. The Issuer reserves the right at any time to vary or terminate the appointment of any Agent and to appoint a successor fiscal agent or registrar or Calculation Agent and additional or successor paying agents; **provided, however, that:**

- (a) the Issuer shall at all times maintain a fiscal agent and a registrar; and
- (b) if a Calculation Agent is specified in the relevant Pricing Supplement, the Issuer shall at all times maintain a Calculation Agent; and
- (c) if and for so long as the Notes are admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent and/or a Transfer Agent in any particular place, the Issuer shall maintain a Paying Agent and/or a Transfer Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system.

Notice of any change in any of the Agents or in their Specified Offices shall promptly be given to the Noteholders.

The quorum at any meeting convened to vote on an Extraordinary Resolution will be two or more Persons holding or representing one more than half of the aggregate principal amount of the outstanding Notes or, at any adjourned meeting, two or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; **provided, however, that** Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which two or more Persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification:* The Notes, these Conditions and the Deed of Covenant may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error. In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

19. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes.

20. **Notices**

Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Holders of Bearer Notes.
- (b) *Registered Notes:* Notices to the Holders of Registered Notes shall be sent to them by first class mail (or its equivalent) or (if posted to an overseas address) by airmail at their respective addresses on the Register or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the fourth day after the date of mailing.

21. **Rounding**

- (a) For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Pricing Supplement), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

22. **Governing Law and Jurisdiction**

- (a) *Governing law:* The Notes and any non-contractual obligations arising out of or in connection with the Notes are governed by English law.
- (b) *English courts:* The courts of England have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising out of or in connection with the Notes (including any non-contractual obligation arising out of or in connection with the Notes).
- (c) *Appropriate forum:* The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.
- (d) *Process agent:* The Issuer agrees that the documents which start any proceedings relating to a Dispute ("**Proceedings**") and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to TMF Corporate Services Limited at 6 St.

Andrew Street, 5th Floor, London EC4A 3AE. If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuer, the Issuer shall, on the written demand of any Noteholder addressed and delivered to the Issuer or to the Specified Office of the Fiscal Agent appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, any Noteholder shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent. Nothing in this paragraph shall affect the right of any Noteholder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.

- (e) *Immunity:* The Issuer hereby irrevocably waives any immunity from service of process or jurisdiction of the Courts of England, to which it might otherwise be entitled, in respect of any dispute concerning its obligations under these Conditions. Nothing in these Conditions shall operate as or be construed to constitute a waiver, renunciation or modification of any other privilege or immunity of the Issuer pursuant to Article VII of the Establishing Agreement or any applicable law.

DESCRIPTION OF THE ISSUER

OVERVIEW

On March 23, 1986, the Agreement Establishing the Inter-American Investment Corporation (the "**Establishing Agreement**" or the "**Agreement**") became effective, establishing IDB Invest. IDB Invest is an international organization that began operation in 1989 with the mission of promoting the economic development of its regional developing member countries, which are located in Latin America and the Caribbean, by encouraging the establishment, expansion, and modernization of private enterprises in such a way as to supplement the activities of the Inter-American Development Bank ("**IDB**"). IDB Invest provides financing through loans, investments in debt securities, guarantees and equity investments where sufficient private capital is not otherwise available on adequate terms in the market. IDB Invest also arranges additional project funding from other investors and lenders, either through joint financing or through loan syndications, loan participations, underwritings and guarantees. In addition, IDB Invest provides financial and technical advisory services to clients. As of the date hereof, 45 member countries have subscribed to share capital in IDB Invest. IDB Invest conducts its operations principally in United States dollars and operates within 26 of its member countries, all of which are located in Latin America and the Caribbean (the "**Regional Developing Member Countries**"). In November 2017, the Issuer adopted a new brand and now refers to itself as IDB Invest. This rebranding did not entail a change in the legal name of the Issuer. IDB Invest is an autonomous international organisation and a member of the Inter-American Development Bank Group (the "**IDB Group**", which also includes the IDB and the Multilateral Investment Fund ("**MIF**").

On March 30, 2015, the Boards of Governors of IDB Invest and the IDB approved the transfer to IDB Invest of all operational and administrative functions associated with the IDB and IDB Invest private sector and non-sovereign guaranteed ("**NSG**") activities (the "**IDBG NSG Reform**") to better serve the Regional Developing Member Countries, clients and partners, and to maximize developmental impact. The IDBG NSG Reform was effective on January 1, 2016. As of such date, IDB Invest is responsible for carrying out and administering all new NSG operations, as well as administering existing IDB Invest and IDB NSG legacy operations. In addition, during a seven-year period which started on January 1, 2016, certain operations originated by IDB Invest are to be financed wholly or partially by the IDB, including with funds administered by the IDB. The NSG portfolio of operations funded by the IDB will remain as assets on its balance sheet. Also, since January 1, 2016, IDB Invest and the IDB have entered into service level agreements ("**SLAs**") whereby IDB Invest provides certain services to the IDB and the IDB provides certain services to IDB Invest. IDB Invest provides loan origination, credit risk evaluation and monitoring and other loan administration services for IDB NSG operations, as well as for IDB's legacy portfolio operations pursuant to an SLA.

On March 30, 2015, the Board of Governors of IDB Invest further authorized the second general capital increase ("**GCI-II**") for U.S. \$2.03 billion. GCI-II is comprised of: (i) \$1,305 million in capital to be paid by the IDB Invest shareholders during the 2016-2022 period ("**Annex A Shares**"); and (ii) annual transfers from the income of the IDB, on behalf of its shareholders, to be made to IDB Invest during the period 2018-2025, totalling \$725 million for the entire period, and conditional upon annual approval by the IDB Board of Governors ("**Annex B Shares**").

The IDB's Invest Board of Governors also authorized the Republic of Croatia, the Republic of Slovenia and the United Kingdom, members of the IDB not currently members of IDB Invest, if they so wish, to join IDB Invest under the same institutional legal conditions under which Canada, the most recent country to join IDB Invest, was admitted, with the exception of share price, payment-related matters, and trust fund-related matters.

PURPOSE AND FUNCTION OF THE ISSUER

The purpose of IDB Invest, as a member of the IDB Group, is to support and encourage the establishment, expansion, and modernization of private and state-owned enterprises in Latin America and the Caribbean that do not benefit from a sovereign guarantee, through financing loans, equity investments and providing guarantees. IDB Invest also works closely with the private sector to help overcome core challenges to growth, to refine business strategies, and embrace new technologies to improve productivity.

As part of its mission, IDB Invest partners with the private sector to support projects that aim to bolster competitiveness and growth while maintaining sustainability. IDB Invest provides financing through loans,

investments in debt securities, guarantees and equity investments where sufficient capital is not otherwise available on adequate terms in the market. IDB Invest also arranges additional project funding from other investors and lenders, either through joint financing or through loan syndications, loan participations and guarantees. In addition, IDB Invest provides financial and technical advisory services to clients.

IDB Invest financing may also be used to attract other resources: additional financing, technology, and know-how through co-financing and syndication in order to maximize developmental impact.

Projects financed by IDB Invest aim to offer profitable investment opportunities and sustainable economic development. These objectives range from creating jobs and broadening capital ownership, which facilitate transfers of resources and technology to projects whose goal is to promote economic growth and sustainability. Further examples of projects that are eligible for IDB Invest funding are projects that generate foreign exchange income or promote the economic integration of Latin America and the Caribbean.

All projects financed by IDB Invest are subject to an environmental and social review process prior to investment, including but not limited to assessments of compliance with domestic environmental legislation, waste management practices and occupational health and safety issues. IDB Invest provides financial and nonfinancial support only to for-profit projects that achieve developmental returns and charges market rates for the products and services provided to ensure its financial sustainability.

THE AGREEMENT ESTABLISHING THE INTER-AMERICAN INVESTMENT CORPORATION

The Establishing Agreement sets forth IDB Invest's purpose and functions, capital structure and organization. The Establishing Agreement outlines the operations in which IDB Invest may participate and prescribes limits and directives. The Establishing Agreement also establishes IDB Invest's status, legal capacity, immunities and privileges, and regulates membership and the termination of IDB Invest's operations.

The Establishing Agreement may be amended only by decision of the Board of Governors by a majority representing at least four-fifths of the votes of the members and two-thirds of the number of Governors. The unanimous agreement of the Board of Governors is required for the approval of any amendment modifying: the right to withdraw from IDB Invest; the right to purchase shares in IDB Invest; or any changes to the limitation of liability of its member countries.

Under the Establishing Agreement, any member may withdraw from IDB Invest by notifying IDB Invest's principal office in writing of its intention to do so. Such withdrawal shall become effective on the date specified in the notice provided that it is not prior to six months from the date on which such notice was delivered to IDB Invest. Even after withdrawal, a member shall remain liable for all obligations to IDB Invest to which it was subject at the date of delivery of the withdrawal notice.

In the event that a member withdraws from IDB Invest, IDB Invest and the member may agree the terms for the repurchase of such member's shares. If an agreement is not reached, the repurchase price of the member's shares shall be equal to the book value determined by IDB Invest's audited financial statements.

LEGAL STATUS, IMMUNITIES AND PRIVILEGES

The following is a summary of the principal provisions of the Establishing Agreement relating to the legal status, immunities and privileges of IDB Invest in the territories of its members.

IDB Invest possesses legal personality and has full capacity to contract, acquire and dispose of immovable and movable property, and to institute legal and administrative proceedings.

Actions may be brought against IDB Invest only in a court of competent jurisdiction in the territories of a member country in which IDB Invest has an office; has appointed an agent for the purpose of accepting service or notice of process; or has issued or guaranteed securities. No action shall be brought against IDB Invest by member countries or persons acting for or deriving claims from member countries. However, such countries or persons may have recourse to such special procedures to settle controversies between IDB Invest and its member countries as prescribed in the Establishing Agreement.

The property and assets of IDB Invest are immune from all forms of seizure, attachment or execution before the delivery of final judgment against IDB Invest. Immunity for IDB Invest's property and assets also applies against searches, requisitions, confiscation, expropriation and any other form of taking or foreclosure by executive or legislative action. The archives of IDB Invest are also inviolable.

The Governors, Executive Directors, Alternates, officers and employees of IDB Invest have the following privileges and immunities:

- (i) immunity from legal process with respect to acts performed by them in their official capacity, except when IDB Invest waives this immunity;
- (ii) when not local nationals, the same immunities from immigration restrictions, alien registration requirements and military service obligations and the same facilities as regards exchange provisions as are accorded by a member country to the representatives, officials, and employees of comparable rank of other member countries; and
- (iii) the same privileges in respect of travelling facilities as are accorded by member countries to representatives, officials, and employees of comparable rank of other member countries.

IDB Invest, its property, other assets, income, and the operations and transactions it carries out are immune from all taxation and from all customs duties in its member countries.

IDB Invest is also immune from any obligation relating to the payment, withholding or collection of any tax or duty. No tax is levied on or in respect of salaries and emoluments paid by IDB Invest to officials or employees of IDB Invest who are not local citizens or other local nationals. No tax of any kind is levied on any obligation or security issued by IDB Invest, including any dividend or interest thereon, by whosoever held:

- (i) which discriminates against such obligation or security solely because it is issued by IDB Invest; or
- (ii) if the sole jurisdictional basis for such taxation is the place or currency in which it is issued, made payable or paid, or the location of any office or place of business maintained by IDB Invest.

ORGANISATIONAL STRUCTURE

The IDB Group

Inter-American Development Bank

The IDB is an international organization, with a separate governance structure, including its own Board of Governors and Board of Executive Directors; however, most member countries of the IDB are also members of IDB Invest. The purpose of the IDB is to further the economic and social development of Latin America and the Caribbean by promoting environmentally sustainable growth, as well as poverty reduction and social equity. Alongside these objectives are two strategic goals: addressing the special needs of the less developed and smaller countries and fostering development through the private sector. The funds of the IDB are completely separate from those of IDB Invest.

Multilateral Investment Fund

The MIF, a trust fund with resources from IDB donor countries, supports private sector led development for the benefit of the businesses, farms and households of the poor. The aim is to provide low-income populations with the tools to: access markets; develop the skills necessary to compete in those markets; access finance; and access basic services and technology, including green technology. The MIF provides grants for technical assistance, loans and equity investments, as well as a combination of these tools when both capacity building and risk allocation are needed.

IDB Invest Governing Structure and Management

IDB Invest has a Board of Governors, a Board of Executive Directors, a General Manager, and such officers and staff as may be determined by the Board of Executive Directors.

The Board of Governors

All the powers of IDB Invest are vested in its Board of Governors, which consists of one Governor and one Alternate Governor appointed by each member country. The Board of Governors has delegated all of its powers to the Board of Executive Directors except for the power to admit new member countries, suspend a member, increase or decrease the capital stock, decide on appeals on interpretations of the Establishing Agreement made by the Board of Executive Directors, engage the services of external auditors, declare dividends, approve IDB Invest's audited financial statements, amend the Establishing Agreement, and suspend permanently the operations of IDB Invest.

The Governor or Alternate Governor from each member country exercises the voting power to which its member country is entitled, each member country having one vote for each fully paid share held by it. The quorum for any meeting of the Board of Governors is the majority of the Governors representing at least two-thirds of the votes of the member countries. Matters before the Board of Governors are decided by a majority of the votes of the members except as specifically detailed in the Establishing Agreement or other regulations. Governors and Alternate Governors serve without compensation from IDB Invest.

The Board of Governors holds regular meetings, at least annually.

The following table lists the capital and receivable from members (US\$, thousands, except for share and voting power information), as of December 31, 2018]:

Membership

The Board of Executive Directors is composed as follows: (i) one Executive Director appointed by the member country having the largest number of shares in IDB Invest (as of the date of this Information

Memorandum, this is the United States); (ii) nine Executive Directors elected by the Governors for the Regional Developing Member Countries; and (iii) three Executive Directors elected by the Governors for the remaining member countries. Executive Directors are persons of recognized competence and wide experience in economic and financial matters. Each Executive Director appoints an Alternate Executive Director who has full power to act for the Executive Director when he or she is not present. Executive Directors generally serve for three years. The president of the IDB is the ex-officio Chairman of the Board of Executive Directors of IDB Invest. He presides over meetings of the Board of Executive Directors but does not have the right to vote except in the case of a tie. The Chairman of the Board of Executive Directors may participate in, but may not vote at, meetings of the Board of Governors.

Operation

The Board of Executive Directors functions in continuous session at the principal offices of IDB Invest in Washington D.C., or exceptionally at such other locations as shall be designated by the Board of Executive Directors, and meets as often as business requires.

Agendas for the meetings of the Board of Executive Directors and modifications thereof are made available to the public at the same time that they are made available to the Executive Directors. Minutes of the meetings of the Board of Executive Directors are made available to the public no later than sixty calendar days after the Board of Executive Directors approves them, with material deemed by the Board of Executive Directors as too sensitive for public disclosure redacted.

Each Executive Director is entitled to cast the number of votes which the member or member countries of IDB Invest whose votes counted towards his nomination or election are entitled to cast. All the votes that an Executive Director is entitled to cast, are cast together. The quorum for any meeting of the Board of Executive Directors is the majority of the Directors representing not less than two-thirds of the votes of the member countries.

Unless an Executive Director requires formal voting, the Chairman may declare any matter approved based on verbal affirmations. In the event that a formal voting is called, unless otherwise provided, all matters are decided by a majority of the votes of the member countries.

Executive Committee of the Board of Executive Directors

The Executive Committee of the Board of Executive Directors is composed of: (i) the Director or Alternate appointed by the member country having the largest number of shares in IDB Invest (as of the date of this Information Memorandum, this is the United States); (ii) two Directors representing the Regional Developing Member Countries; and (iii) one Director representing the other member countries. Rotating agreements among the Directors result in a change in the composition every quarter

The Executive Committee considers all loans, investments and financing programs in Regional Developing Member Countries. To be approved, a loan or investment requires the vote of the majority of the Executive Committee, which requires a quorum of at least three members for any meeting. A report with respect to such operation approved by the Executive Committee is then submitted to the Board of Executive Directors. If requested by any Executive Director, such approved operation will be presented to the Board of Executive Directors for a vote. An operation approved by the Executive Committee shall be deemed approved by the Board of Executive Directors in the absence of such request within the period specified by the Board of Executive Directors.

Audit Committee of the Board of Executive Directors

On June 30, 2016, the Board of Executive Directors created an Audit Committee of the Board of Executive Directors. The purpose of this committee is to assist the Board of Executive Directors in its oversight of (i) IDB Invest's accounting and financial reporting processes, and internal controls over financial reporting, (ii) the qualifications, independence, reports and written communications of IDB Invest's External Auditor, and (iii) the performance, work program and reports of IDB Invest's internal audit function, which is carried out by the IDB Office of the Executive Auditor (AUG).

Key Executives and Personnel

The Board of Executive Directors appoints the General Manager of IDB Invest by a four-fifths majority of the total voting power of the member countries, on the recommendation of the Chairman of the Board of Executive Directors and for such term as she/he shall indicate.

The General Manager is responsible for the ordinary business of IDB Invest under the direction of the Board of Executive Directors and the general supervision of the Chairman of the Board of Executive Directors. The General Manager is responsible for the organization, appointment, and dismissal of IDB Invest officers and staff in consultation with the Board of Executive Directors and the Chairman of the Board of Executive Directors. The General Manager may participate in meetings of the Board of Executive Directors but does not have the right to vote at these meetings. KEY BUSINESS ACTIVITIES

IDB Invest pursues a variety of initiatives designed to bolster private sector competitiveness and growth in Latin America and the Caribbean (the "**Region**") enterprises that do not benefit from a sovereign guarantee in such a way as to supplement the activities of the IDB. It provides both financial and non-financial products and services to clients in the Region, which include MSMEs, large corporates, financial intermediaries, partially and wholly-owned state enterprises and others. IDB Invest activities aim to leverage its experience in the Region and mobilize additional resources in order to maximize developmental impact.

IDB Invest works closely with private enterprises throughout the Region to help them meet core challenges to growth, focus and refine business strategies, and embrace new technologies to improve productivity.

Projects financed by IDB Invest aim to offer profitable investment opportunities and foster economic development. From creating jobs and broadening capital ownership to facilitating transfers of resources and technology, projects should help spur economic growth and promote environmental stewardship. Projects that generate foreign exchange income or promote the economic integration of Latin America and the Caribbean are also eligible for IDB Invest funding.

All projects financed by IDB Invest are subject to an environmental and social review process, including but not limited to an assessment of compliance with domestic environmental legislation, waste management practices, and relevant occupational health and safety issues. IDB Invest only invests in for-profit projects and charges market rates for the products and services it provides.

Investment Products

IDB Invest is implementing a variety of financial products and services for promoting private sector development in Latin America and the Caribbean. The payment terms vary, with loan maturities ranging from 1 to 20 years at market-based fixed or floating rates with tailored repayment schedules. The U.S. dollar-denominated loan amounts generally range from U.S.\$5 million to U.S.\$200 million. IDB Invest also engages in local currency lending in certain markets.

IDB Invest's investment services include: corporate loans, working capital loans, project finance, financing for financial institutions, syndicated loans, equity and quasi-equity, capital market solutions, trade and supply chain financing, local currency financing, small business loans, and guarantees.

IDB Invest's experience has shown that private sector enterprises need more than financing if they are to achieve sustainable growth. They also need technical assistance to make improvements in areas ranging from corporate governance to innovation to environmental management. Accordingly, IDB Invest offers targeted technical assistance.

Corporate Financing

In order for a company to qualify for IDB Invest financing, it must be a profitable business, generally with audited financial statements, have good growth potential, and comply with domestic social and environmental regulations. IDB Invest focuses on companies with value-added products and services, as well as on financial solutions, environmental management, social considerations, and mobilization of third parties' resources in LAC.

IDB Invest provides financing through senior loans, subordinated debt instruments, and equity and quasi-equity investments. Loans are typically denominated in U.S. dollars, although local currency financing is also available in specific markets. Loans can also be syndicated with other international and local banks. In addition, IDB Invest provides guarantees for loans and debt securities, as well as finances supply or value chains.

The structure, terms, and payment conditions for IDB Invest financing are flexible. Loans to corporates typically have maturities of 3-10 years. Grace periods and amortization schedules are established on a case-by-case basis according to the borrower.

Financial Institutions

IDB Invest provides financing to financial institutions to channel resources to private sector companies lacking access to adequate medium- or long-term financing. IDB Invest also offers a range of different services and technical assistance products for financial institutions.

IDB Invest financing solutions can be provided to banks; microfinance institutions; leasing companies; factoring companies; savings and loans institutions; and other specialized financial institutions. IDB Invest funding can be used to finance expansion projects; upgrading projects; working capital needs; financial or operating leases; trade; and discounting products and services.

Financial institutions can obtain short, medium and long-term loans; syndicated loans with other banks to expand their funding capacity; capital markets solutions, subordinated loans for capital enhancement; equity or quasi-equity products; and guarantees. In addition to financial support, financial institutions can also receive IDB Invest specialized technical assistance on issues including environmental and social sustainability and corporate governance.

Project Finance

Economic growth in Latin America and the Caribbean needs infrastructure development to help facilitate the free movement of people, goods, and services, as well as access to electric energy from clean, renewable sources.

IDB Invest has been a pioneer in the structuring and financing of private-sector projects in Latin America and the Caribbean. Included among the many projects IDB Invest has financed over the past years are, telecommunications networks, airport and port terminals, and hydroelectric, wind, thermal, and biomass power plants. IDB Invest offers a wide range of project finance products with: terms of up to 20 years; payment schedules tailored to the project; competitive fixed or variable interest rates; subordinated debt/quasi-equity instruments, where appropriate; mobilization of resources from other financial institutions, including commercial banks and multilateral agencies; equity investments, capital market solutions such as project bonds and guarantees, and support for improvements in corporate, financial, and environmental governance.

Financial Products and Services

In addition to loans, IDB Invest is also implementing a range of financing solutions to corporates, financial intermediaries and projects, including warehousing facilities for securitization, guarantees for corporate, project and asset backed securities, debt and equity products for funds, equity and quasi-equity investments to promote the development of private sector enterprises and financial intermediaries, and trade and supply chain finance products for financial intermediaries, SMEs and corporates.

IDB Invest equity investments cover a wide range of economic sectors and are designed mainly to bolster the expansion and globalization plans of growing companies and banks with proven business models. IDB Invest also makes equity investments in renewable energy and energy efficiency projects, offering an array

of different equity and quasi-equity instruments to meet specific business and project needs in the form of: preferred shares; common shares; warrants; investments with returns pegged to revenue; subordinated loans; and convertible loans.

IDB Invest equity investments generally range from U.S.\$8 million to U.S.\$15 million, with investment terms of 5 to 10 years, and a minority ownership interest. IDB Invest also offers non-financial assistance in areas such as business competitiveness, exporting, corporate governance, energy efficiency and environmental management.

Non-Financial Products and Services

IDB Invest has continued to expand its non-financial products and services in Latin America and the Caribbean. Through these products and services, clients improve their competitiveness and access to long-term financing from IDB Invest and other financial institutions. IDB Invest services, together with financing, are key tools used to support development through the private sector in Latin America and the Caribbean.

Value-added services are made possible by special contributions and a series of trust funds established by member countries and other partners. In addition, effective January 1, 2016, IDB Invest has access to certain IDB funds and funds administered by the IDB used mainly to co-finance projects between IDB Invest and the IDB and to fund non-financial products and services.

BUSINESS STRATEGY

IDB Invest set in 2016 a clear strategic framework to guide its work throughout the following three years. Management anticipates presenting a business plan covering the 2020-2022 period to the Board of Directors for approval in Q4 2019. The focus of the 2017-2019 planning cycle will be on consolidation for growth. In this period, IDB Invest is working to consolidate and implement specific instruments and products grouped in three categories as follows.

- (a) IDB Invest's impact toolbox aims to provide practical solutions to implement selectivity at origination, efficient tracking of results at the structuring, approval and supervision stages and an intelligent ex-post evaluation framework so that lessons are learned, and a positive feedback loop is created to support future origination efforts. In 2018, IDB Invest completed the design of the impact toolbox and will finalize organization-wide testing and deployment of the remaining components in 2019.
- (b) The innovation toolbox will promote a culture that remains flexible, efficient and creative and is therefore better prepared to promote innovation through its operations in the Region.
- (c) A capital toolbox to promote rational and efficient use of resources and ensure long-term financial sustainability. Building on the significant progress from 2016 and 2017, the capital toolbox was largely completed in 2018, with Management gradually shifting the focus towards operationalizing and enhancing existing tools, processes and policies. The main objective of this toolbox is to contribute to IDB Invest's financial sustainability and to discharge Management's fiduciary responsibility over its financial statements. A major part of these efforts focused on creating a common risk culture across the institution, putting in place a comprehensive risk management framework to address all key sources of risk.

IDB Invest's business strategy remains grounded on three main pillars: (i) strategic selectivity; (ii) development effectiveness; and (iii) systemic approach. Strategic selectivity refers to prioritization of operations in sectors and projects where IDB Invest has the greatest potential to deliver positive impact in a financially sustainable manner, based on the size of the development gap, country-specific priorities, IDB Invest expertise and additionality, and complementarity to IDB operations. IDB Invest follows a portfolio approach whereby it assesses the developmental and financial contributions of individual operations to the portfolio as a whole. This allows it to pursue a broader range of projects with varying degrees of development impact and financial return. Management conducts periodic portfolio reviews to hone strategic targets, ensure appropriate risk levels, and seek opportunities to enhance impact through new financial and non-financial offerings.

The current business plan outlines IDB Invest's commitment to four strategic segments:

- (i) **Infrastructure:** IDB Invest will focus on its portfolio in renewable energy and transport given the gaps in the Region and the organization's leadership in these two sub-sectors. IDB Invest will also address social infrastructure and water and sanitation through its infrastructure segment. Development of this area will be through building specialized capabilities through recruitment and training. These sub-sectors present opportunities for impact through collaboration across the IDBG, as well as mobilization of significant third-party resources.
- (ii) **Build capabilities and expertise in corporate sectors:** IDB Invest will prioritize certain sectors where it can add the most value according to a country, requirement, institutional capacity, and market conditions. To support the growth, development, and productivity of Latin America and the Caribbean private sector, IDB Invest has identified four key priority sectors where it will focus its resources and strengthen its comparative advantage: agribusiness; telecom, media, and technology; manufacturing; and sustainable tourism. Additionally, building on its expertise supporting the MSME segment, IDB Invest will continue to improve MSMEs' access to finance.
- (iii) **Partner with financial institutions to increase the scale of impact:** IDB Invest 's strategic approach to working with financial intermediaries aims to make the biggest developmental impact while ensuring the financial sustainability and growth of financial intermediaries. It will work with partners to reach more sectors and beneficiaries, build and disseminate knowledge, impact priority business areas ("PBAs") and transversals, and mobilize the financial resources needed in the Region.
- (iv) **Further leverage additional products, services and solutions:** IDB Invest is committed to developing solutions that go beyond traditional lending to drive private sector growth in the Region. In this regard, IDB Invest provides technical assistance and knowledge products, supports capital markets and international trade, and leverages strategic partnerships and funds to increase the scope and scale of its impact.

These strategic segments are aligned with five PBAs that aim to accelerate sustainable development in the Region: (i) improve MSMEs' access to finance and technical assistance; (ii) improve national, regional, and inclusive infrastructure; (iii) support innovation and technological development; (iv) increase income and social mobility for vulnerable populations; and (v) promote green growth.

The PBAs constitute a bridge between individual projects IDB Invest undertakes and the broader systemic development impact it wishes to achieve, which are reflected in three transversal topics: (i) gender and diversity; (ii) environment and social sustainability; and (iii) enabling environment.

Expected Result: Enhanced Development Impact

Since inception, IDB Invest's mission has been to provide the private sector with greater access to financial resources and technical assistance to expand and improve their operations, create jobs, and promote environmental and social sustainability. Inadequate access to finance is still an important factor contributing to issues of income inequality in LAC and its slower economic growth. IDB Invest is working not only to improve access to finance in the Region, but also to document the impact of its interventions and use this knowledge to better serve the private sector.

IDB Invest adheres to rigorous standards to ensure sustainable development and offer unique and innovate products. Although IDB Invest is limited in size and scope, it aims to target its interventions in ways to maximize impact through: careful market segmentation; intelligent deployment of IDB Invest's products; assessment of projects' economic development impact, selective use of resources; and building new and fully leveraging existing partnerships.

SOURCES OF FUNDING

IDB Invest funds its operations with capital, debt and bond issuances in the capital markets.

IDB Invest issues only whole shares. In 1999, IDB Invest authorized a general capital increase ("GCI-I") and all the available shares were subscribed for with a par value of ten thousand dollars each.

Subscribed shares are recorded at the stock issuance price of U.S.\$16,178.6 each and are expected to be paid in over time. Shares corresponding to transfers from the IDB, on behalf of its member countries, will

be conditional upon annually approved transfers by the Board of Governors of the IDB expected to begin in 2018 and extending through 2025.

Consistent with its growth objectives, IDB Invest pursues a strategy of expanding and diversifying its funding sources. To this end, its main funding source consists of issued bonds through its Euro Medium Term Note ("EMTN") program and bilateral and syndicated loans negotiated with commercial banks. Alongside this type of financing, IDB Invest has also issued bonds in local capital markets in Latin America.

As an example of its work on local capital markets, IDB Invest issued local-currency bonds in Mexico in 2007, 2011, 2012 and 2018 and in Colombia in 2005. The proceeds of each of these bond issuances were used to provide local currency financing to private sector enterprises in those countries.

Since 1997, IDB Invest has maintained a renewable credit facility with the IDB amounting to U.S.\$300 million. On September 21, 2018, this renewable credit facility was modified from a United States dollar facility to a multi-currency credit facility and the original expiration date of November 2020 was modified and extended to December 2022. As of December 31, 2018, IDB Invest's borrowings outstanding from the IDB multi-currency credit facility were \$131 million and \$169 million remain available.

IDB Invest's broad funding diversification is evidenced by a total of six funding operations closed in 2018: the issuance of U.S.\$500 million notes under the EMTN program, the local currency funding with the public issuance of MXN 1.5 billion notes in Mexico, the issue of COP 144 billion EMTN private placement and the closing of the FDN loan agreement of COP 370 billion in Colombia, the renegotiation of the U.S.\$300 million loan from IDB into a multi-currency credit facility, and the issuance of PYG 30 billion in Paraguay.

Article III Section 7(a) of the Establishing Agreement authorizes IDB Invest to borrow funds for an amount not to exceed three times the sum of its subscribed capital, earned surplus and reserves. However, IDB Invest's Management has set a prudential debt ceiling target at two-thirds of this authority.

FINANCIAL RESULTS

IDB Invest marked its third year of operations after the private sector reform in 2016 and was recognized as the "2018 Multilateral Bank of the Year" by LatinFinance signalling the institution's increased market presence and added value to the private sector arm of the Inter-American Development Bank Group ("IDBG").

IDB Invest's net income of \$24.1 million in 2018 increased 37% (compared to \$17.6 million for 2017). During 2018, IDB Invest's total capital grew by 26%, from \$1.4 billion in 2017 to \$1.8 billion in 2018. This increase in IDB Invest's capital base resulted from \$338.8 million in capital contributions and positive retained earnings from current year net income.

During 2018, IDB Invest delivered on portfolio growth in new priority lines of business and sectors, strengthening infrastructure and energy while expanding further into transport, as well as the deployment of new product offerings, notably the Trade Finance and Facility Program ("TFFP"), purchased debt securities, guarantees, mezzanine financing and the expansion of local currency funding issuances in Colombia, Mexico and Paraguay. IDB Invest is the first multilateral to issue bonds in Paraguay.

For the 2018 fiscal year, IDB Invest's gross development related assets ("DRA"), measured as gross loans, equity investments and purchased debt securities, grew from \$1.0 billion in 2017 to \$1.8 billion in 2018. In addition, undisbursed commitments related to DRAs nearly doubled from the prior year, providing evidence of continued growth forward in IDB Invest's portfolio.

Total income, net of borrowing expenses, amounted to \$143.6 million in 2018, \$26.4 million higher than in 2017. The increase in total income compared to the prior year was primarily driven by higher gross loan and development related debt securities income, an increase of \$22.1 million that were partially offset by an increase of \$4.2 million in loan loss provisions, higher income for services managing the IDB's growing private sector portfolio, an increase of \$10.2 million, and higher income from the investment securities portfolio, an increase of \$8.2 million. Conversely, operating expenses, excluding unrealized gains/losses related to foreign currency, increased from \$99.6 million in 2017 to \$122.5 million in 2018, reflecting higher administrative expenses, which increased by 23% mainly in line with optimizing its combination of workforce and IT and facilities projects to strengthen its capabilities and infrastructure to achieve strategic business growth objectives resulting in gross DRA growth of 73% during 2018.

ASSET QUALITY

IDB Invest's gross DRA portfolio continues to grow from the prior year while maintaining a consistent level of portfolio credit quality over the period of growth. The allowance for loan losses as a percentage of loans outstanding decreased compared to the end of 2017 (4.3% at the end of 2018 vs. 5.2% at the end of 2017). Also, the ratio of impaired loans to loan portfolio outstanding decreased from 2.8% in 2017 to 2.0% in 2018. The main indicators of asset quality remained stable and the LAC region showed modest signs of economic recovery that are expected to continue into 2019.

CAPITAL, LEVERAGE AND LIQUIDITY ADEQUACY

IDB Invest has a comprehensive risk management framework to strengthen the institution's risk management practices and business profile. In 2018, IDB Invest's capital adequacy ratio, liquidity coverage ratio and debt to equity ratio remained in full compliance with financial risk management policies and targets.

IDB Invest's solvency and liquidity ratios remained strong in 2018. IDB Invest's capital-to-total-assets ratio shifted to 57% at the end of 2018 (compared to 66% at the end of 2017). Still, leverage stayed well below the maximum level of 3.0x established by the Agreement Establishing the Inter-American Investment Corporation, with the debt-to-equity ratio increasing to just 0.7x. IDB Invest's liquidity to total assets ratio was 46% in 2018 and the liquidity to financial debt ratio was 114% in 2018.

The sound business and financial profiles of IDB Invest were reflected in its external ratings. As of December 31, 2018, IDB Invest was rated AAA, Aa1, and AA by Fitch, Moody's and S&P, respectively.

FINANCIAL RISK MANAGEMENT

IDB Invest provides a range of financing alternatives including direct loans, guarantees, quasi-equity and equity investments, and credit lines to financial intermediaries. This activity exposes IDB Invest to credit risk, market risk (exchange rate, interest rate, and spread risks), liquidity risk and operational risk.

To manage the risk inherent in its activities, IDB Invest conducts its operations within a framework of financial and risk management policies and a risk-management decision-making process.

There is a systematic approval process in place to incorporate any development related asset to IDB Invest's portfolio, which includes an analysis of the credit risk and the safety, liquidity and yield of proposed investments. IDB Invest seeks diversification of the asset operations in the Development, or project portfolio, and the Liquidity, or treasury portfolio, to mitigate these risks. To this effect the IDB Invest Risk Appetite Policy establishes well defined exposure limits by: country, sector, client, economic group, and relative levels in equity and quasi-equity investments, among other limits.

The IDB Invest Operating Policy defines, among other topics, the main guidelines for the supervision of the portfolio. Once a loan or equity operation becomes part of the IDB Invest's portfolio, the Portfolio Management Division and Management's Portfolio Supervision Committee are responsible for monitoring.

The portfolio is monitored by personnel in its headquarters in Washington D.C., and in the regional offices. Individual transactions are reviewed at least once a year, which may involve a field visit. Certain transactions facing critical risks are reviewed with greater frequency. The allowance for losses is adjusted accordingly to the specific issues foreseen or structural improvements in performance in such a way that the provisions are maintained at a level that, in IDB Invest Management's judgment, is adequate to absorb estimated probable losses in the loan portfolio.

Management's judgment is based on the risk ratings and performance of individual loan investments, economic conditions, and other factors. These ratings are based on past experience, available market information, and on audited financial statements. They take into account country and regulatory risk as well as company risk. The latter includes the financial and competitive position of the company, sponsor quality and support and loan structure including collateral.

Among the main drivers of the credit risk in its portfolio are the following:

- (i) lower demand that could lead to an excess of supply and lower prices impacting company revenues;

- (ii) higher costs of raw materials that could lead to lower margins;
- (iii) a higher rate of inflation;
- (iv) deterioration of the financial position of the end-users that purchase the goods and services from borrowers that could lead to an increase in more days of account receivables putting pressure on higher working capital needs;
- (v) liquidity constraints in the country, which could lead to higher interest expenses and lower credit supply by financial intermediaries;
- (vi) some companies are exposed to exchange risk given that their income stream is provided mainly by local sales, therefore some companies face income volatility due to their exchange rate gap;
- (vii) some loans are related to the implementation of expansion projects or start-up operations and risks related to cost over-runs, due to delays or cost increases during the implementation process;
- (viii) the political and regulatory environment could also affect some companies compared to other competitors from foreign countries that sell their products in the same market;
- (ix) the demand of financial services could be hindered by lower growth expectations of the economy or higher burdens foreseen by the economic agents. Moreover, a decrease in the market interest rate could impact the income of IDB Invest clients in the financial sector; and
- (x) any deterioration in the macroeconomic conditions and the competitiveness of the borrowers could impact the credit quality of the portfolio of the financial intermediaries and have impact on their earnings due to higher provision.

A market and operational risk management team monitors non-credit risks within defined frameworks. For market risk, IDB Invest Risk Appetite Policy provides guidelines that set forth the aim of minimizing mismatches in key market risk exposures. In addition, management provides additional oversight through a finance and asset liability management committee and an operational risk management committee.

RATINGS

IDB Invest's ratings as at the date of this Information Memorandum are AA/A-1+ by S&P, Aa1/P-1 by Moody's and AAA/F1+ by Fitch. In the case of S&P, the latest change was in the outlook to positive from stable on April 30, 2018. The positive outlook reflects prospects for an upgrade over the next two years if IDB Invest's transformation into the private sector arm of the IADB group is successful. In the case of Moody's, the rating was upgraded from Aa2 to Aa1 and the outlook changed from positive to stable in March 2016. As Moody's expressed in its press release dated March 31, 2016, the key drivers for the rating upgrade were: "(1) evidence of increased member support following the Board of Governors' decision to consolidate the Inter-American Development Bank (IADB) Group private sector operations at IDB Invest and the capital subscription process; and (2) Moody's expectation that as IDB Invest expands its operations over the next five years, its intrinsic financial strength metrics will remain very strong relative to Aaa- and other Aa1-rated multilateral development banks." On March 15, 2018, Moody's reaffirmed IDB Invest Aa1 rating and stable outlook. Lastly, the Fitch rating was issued in March 2012 and was affirmed in February 8, 2019 demonstrating further confidence in IDB Invest.

TAXATION

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those countries or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Information Memorandum and is subject to any change in law that may take effect after such date.

General

Payments of principal and interest on the Notes generally are not exempt from taxation.

Payments of principal and interest on the Notes are not subject to tax by any member country if such tax discriminates against the Notes solely because they are issued by IDB Invest or if the sole jurisdictional basis for such tax is the place or currency in which it is issued, made payable or paid, or the location of any office or place of business maintained by IDB Invest.

The imposition of U.S. federal income tax on Notes held by U.S. Holders as described below under "Certain U.S. Federal Income Tax Considerations" is not inconsistent with the provisions of the Charter.

Certain U.S. Federal Income Tax Considerations

U.S. Holders

The following summary discusses the principal U.S. federal income tax consequences of the acquisition, ownership and disposition of the Notes. Except as specifically noted below, this discussion applies only to:

- Notes purchased on original issuance at their issue price (as defined below);
- Notes held as capital assets; and
- U.S. Holders (as defined below).

This discussion does not describe all of the tax consequences that may be relevant in light of a Noteholder's particular circumstances or to Noteholders subject to special rules, such as:

- financial institutions;
- insurance companies;
- dealers in securities or foreign currencies;
- persons holding Notes as part of a hedging transaction, straddle, conversion transaction or other integrated transaction;
- U.S. Holders whose functional currency is not the U.S. dollar;
- partnerships or other entities classified as partnerships for U.S. federal income tax purposes; or
- former citizens and residents of the United States.

This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof (the "**Code**"), administrative pronouncements, judicial decisions and final, temporary and proposed U.S. Treasury Regulations all as of the date of this Information Memorandum and any of which may at any time be repeated, revised or subject to differing interpretation, possibly retroactively so as to result in U.S. federal income tax consequences different from those described below. Persons considering the purchase of the Notes should consult the relevant Pricing Supplement for any additional discussion regarding U.S. federal income taxation and should consult their tax advisers with regard to the application of the U.S. federal income tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.

This summary does not discuss Notes with a maturity of greater than 30 years, the impact of redenomination of a Note, Notes that by their terms may be retired for an amount less than their principal amount and Notes subject to special rules. It also does not address the impact of the alternative minimum tax rules or the medicare tax on net investment income. The tax treatment of certain Notes such as, for example, Index-Linked Notes or Dual Currency Notes, may be specified in the relevant Pricing Supplement. Moreover, this summary does not discuss Bearer Notes. In general, U.S. federal income tax law imposes significant limitations on U.S. Holders of Bearer Notes. U.S. Holders should consult their tax advisers regarding the restrictions and penalties imposed under U.S. federal income tax law with respect to Bearer Notes and any other tax consequences with respect to the acquisition, ownership and disposition of any of these Notes.

As used herein, the term "**U.S. Holder**" means a beneficial owner of a Note that is for U.S. federal income tax purposes:

- a citizen or individual resident of the United States;
- a corporation created or organised in or under the laws of the United States or of any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust.

If an entity that is classified as a partnership for U.S. federal income tax purposes holds Notes, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and upon the activities of the partnership. Partners of partnerships holding Notes should consult with their tax advisers regarding the U.S. federal tax consequences of an investment in the Notes.

Special Rules Applicable to Certain Accrual Method Taxpayers

Pursuant to recent legislation, (which, in the case of Notes issued with original issue discount for U.S. federal income tax purposes, applies to taxable years beginning after December 31, 2018), an accrual method taxpayer that reports revenues on an "applicable financial statement" generally must recognise income for U.S. federal income tax purposes no later than the taxable year in which such income is taken into account as revenue in the applicable financial statements. This rule could potentially require such a taxpayer to recognise income for U.S. federal income tax purposes with respect to the Notes prior to the time such income otherwise would be recognised pursuant to the rules described below. U.S. Holders should consult their tax advisers regarding the potential applicability of these rules to their investment in the Notes.

Payments of Stated Interest

Interest paid on a Note will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with the Noteholder's method of accounting for U.S. federal income tax purposes, provided that the interest is "qualified stated interest" (as defined below). Interest income earned by a U.S. Holder with respect to a Note will constitute foreign source income for U.S. federal income tax purposes, which may be relevant in calculating the Noteholder's foreign tax credit limitation. The rules regarding foreign tax credits are complex and prospective investors should consult their tax advisers about the application of such rules to them in their particular circumstances. Special rules governing the treatment of interest paid with respect to original issue discount notes and foreign currency notes are described under "*—Original Issue Discount,*" "*—Contingent Payment Debt Instruments,*" and "*—Foreign Currency Notes.*"

Original Issue Discount

A Note that has an "issue price" that is less than its "stated redemption price at maturity" will be considered to have been issued with original issue discount for U.S. federal income tax purposes (and will be referred to as an "original issue discount Note") unless the Note satisfies a *de minimis* threshold (as described below) or is a short-term Note (as defined below). The "issue price" of a Note generally will be the first price at which a substantial amount of the Notes is sold to the public (which does not include sales to bond houses, brokers or similar persons or organisations acting in the capacity of underwriters, placement agents or wholesalers). The issue price of Notes issued in a further issue generally will be the issue price of the

original Notes. The "stated redemption price at maturity" of a Note generally will equal the sum of all payments required to be made under the Note other than payments of "qualified stated interest." "Qualified stated interest" is stated interest unconditionally payable (other than in debt instruments of the Issuer) at least annually during the entire term of the Note at a single fixed rate of interest, at a single qualified floating rate of interest or at a rate that is determined at a single fixed formula that is based on objective financial or economic information. A rate is a qualified floating rate if variations in the rate can reasonably be expected to measure contemporaneous fluctuations in the cost of newly borrowed funds in the currency in which the Note is denominated.

If the difference between a Note's stated redemption price at maturity and its issue price is less than a *de minimis* amount, i.e., 1/4 of 1 per cent. of the stated redemption price at maturity multiplied by the number of complete years to maturity (or weighted average maturity if any amount included in the stated redemption price at maturity is payable before maturity), the Note will not be considered to have original issue discount. U.S. Holders of the Notes with a *de minimis* amount of original issue discount will include this original issue discount in income, as capital gain, on a pro rata basis as principal payments are made on the Note.

U.S. Holders of original issue discount Notes that mature more than one year from their date of issuance will be required to include original issue discount in income for U.S. federal income tax purposes as it accrues in accordance with a constant yield method based on a compounding of interest, regardless of whether cash attributable to this income is received. Under these rules, U.S. Holders generally will have to include in taxable income, increasingly greater amounts of original issue discount in successive accrual periods.

A U.S. Holder may make an election to include in gross income all interest that accrues on any particular Note (including stated interest, acquisition discount, original issue discount, *de minimis* original issue discount, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortisable bond premium or acquisition premium) in accordance with a constant yield method based on the compounding of interest, and generally may revoke such election only with the permission of the U.S. Internal Revenue Service ("IRS") (a "**constant yield election**"). If a U.S. Holder makes a constant yield election with respect to a Note with market discount (discussed below), the U.S. Holder will be treated as having made an election to include market discount in income currently over the life of all debt instruments with market discount acquired by the electing U.S. Holder on or after the first day of the first taxable year to which such election applies. U.S. Holders should consult their tax advisers about making this election in light of their particular circumstances.

A Note that matures one year or less from its date of issuance (a "**short-term Note**") will be treated as being issued at a discount and none of the interest paid on the Note will be treated as qualified stated interest regardless of issue price. In general, a cash method U.S. Holder of a short-term Note is not required to accrue the discount for U.S. federal income tax purposes unless it elects to do so. Cash method U.S. Holders who do not elect to accrue the discount should include stated interest payments on short-term Notes as ordinary income upon receipt. Cash method U.S. Holders who do elect to accrue the discount and certain other Noteholders, including those who report income on the accrual method of accounting for U.S. federal income tax purposes, are required to include the discount in income as it accrues on a straight-line basis, unless another election is made to accrue the discount according to a constant yield method based on daily compounding. In the case of a U.S. Holder who is not required and who does not elect to include the discount in income currently, any gain realised on the sale, exchange, or retirement of the short-term Note will be ordinary income to the extent of the discount accrued on a straight-line basis (or, if elected, according to a constant yield method based on daily compounding) through the date of sale, exchange or retirement. In addition, those U.S. Holders will be required to defer deductions for any interest paid on indebtedness incurred to purchase or carry short-term Notes in an amount not exceeding the accrued discount until the accrued discount is included in income.

The Issuer may have an unconditional option to redeem, or U.S. Holders may have an unconditional option to require the Issuer to redeem, a Note prior to its stated maturity date. Under applicable regulations, if the Issuer has an unconditional option to redeem a Note prior to its stated maturity date, this option will be presumed to be exercised if, by utilizing any date on which the Note may be redeemed as the maturity date and the amount payable on that date in accordance with the terms of the Note as the stated redemption price at maturity, the yield on the Note would be lower than its yield to maturity. If the U.S. holders have an unconditional option to require the Issuer to redeem a Note prior to its stated maturity date, this option will be presumed to be exercised if making the same assumptions as those set forth in the previous sentence, the yield on the Note would be higher than its yield to maturity. If it was presumed that an option would be

exercised but it is not in fact exercised, the Note would be treated solely for purposes of calculating original issue discount as if it were redeemed, and a new Note were issued, on the presumed exercise date for an amount equal to the Note's adjusted issue price on that date. The adjusted issue price of an original issue discount Note is defined as the sum of the issue price of the Note and the aggregate amount of previously accrued original issue discount, less any prior payments other than payments of qualified stated interest.

Market Discount

If a U.S. Holder purchases a Note (other than a short-term Note) for an amount that is less than its stated redemption price at maturity or, in the case of an original issue discount Note, its adjusted issue price, the amount of the difference will be treated as market discount for U.S. federal income tax purposes, unless this difference is less than a specified *de minimis* amount.

A U.S. Holder will be required to treat any principal payment (or, in the case of an original issue discount Note, any payment that does not constitute qualified stated interest) on, or any gain on the sale, exchange, retirement or other disposition of a Note, including disposition in certain nonrecognition transactions, as ordinary income to the extent of the market discount accrued on the Note at the time of the payment or disposition unless this market discount has been previously included in income by the U.S. Holder pursuant to an election by the Noteholder to include market discount in income as it accrues. An election to include market discount in income as it accrues applies to all debt instruments with market discount acquired by the electing U.S. Holder on or after the first day of the first taxable year to which such election applies and may not be revoked without the consent of the IRS. In addition, a U.S. Holder that does not elect to include market discount in income currently may be required to defer, until the maturity of the Note or its earlier disposition (including certain nontaxable transactions), the deduction of all or a portion of the interest expense on any indebtedness incurred or maintained to purchase or carry such Note.

Market discount will accrue on a straight line basis unless a U.S. Holder makes an election with respect to a particular note to accrue on a constant yield basis (as described under "*Original Issue Discount*"). Such election will result in a deemed election for all market discount bonds acquired by the Noteholder on or after the first day of the first taxable year to which such election applies.

Acquisition Premium and Amortisable Bond Premium

A U.S. Holder who purchases a Note for an amount that is greater than the Note's adjusted issue price but less than or equal to sum of all amounts payable on the Note after the purchase date other than payments of qualified stated interest will be considered to have purchased the Note at an acquisition premium. Under the acquisition premium rules, the amount of original issue discount that the U.S. Holder must include in its gross income with respect to the Note for any taxable year will be reduced by the portion of acquisition premium properly allocable to that year.

If a U.S. Holder purchases a Note for an amount that is greater than the stated redemption price at maturity, the Noteholder will be considered to have purchased the Note with amortisable bond premium equal in amount to the excess of the purchase price over the amount payable at maturity. The Noteholder may elect to amortise this premium, using a constant yield method, over the remaining term of the Note. A Noteholder who elects to amortise bond premium must reduce its tax basis in the Note by the amount of the premium amortised in any year. An election to amortise bond premium applies to all taxable debt obligations then owned and thereafter acquired by the Noteholder and may be revoked only with the consent of the IRS.

If a U.S. Holder makes a constant yield election (as described under "*Original Issue Discount*") for a Note with amortisable bond premium, such election will result in a deemed election to amortise bond premium for all of the Noteholder's debt instruments with amortisable bond premium.

Sale, Exchange or Retirement of the Notes

Upon the sale, exchange or retirement of a Note, a U.S. Holder will recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the Noteholder's adjusted tax basis in the Note. A U.S. Holder's adjusted tax basis in a Note generally will equal the acquisition cost of the Note increased by the amount of original issue discount and market discount included in the Holder's gross income and decreased by any bond premium or acquisition premium previously amortised and by the amount of any payment received from the Issuer other than a payment of qualified stated interest. Gain or loss, if any, will generally be U.S. source income for purposes of computing a U.S.

Holder's foreign tax credit limitation. For these purposes, the amount realised does not include any amount attributable to accrued but unpaid qualified stated interest on the Note. Amounts attributable to accrued but unpaid qualified stated interest are treated as payments of interest as described under "*Payments of Stated Interest*."

Gain or loss realised on the sale, exchange or retirement of a Note will generally be capital gain or loss and will be long-term capital gain or loss if at the time of sale, exchange or retirement the U.S. Holder has held the Note for more than one year. The tax rate for long-term capital gains of non-corporate taxpayers is scheduled to increase for taxable years beginning on or after January 1, 2013. Exceptions to this general rule apply to the extent of any accrued market discount or, in the case of a short-term Note, to the extent of any accrued discount not previously included in the Noteholder's taxable income. See "*Original Issue Discount*" and "*Market Discount*." In addition, other exceptions to this general rule apply in the case of foreign currency Notes, and contingent payment debt instruments. See "*Foreign Currency Notes*" and "*Contingent Payment Debt Instruments*." The deductibility of capital losses is subject to limitations.

Contingent Payment Debt Instruments

If the terms of the Notes provide for certain contingencies that affect the timing and amount of payments (including Notes with a variable rate or rates that do not qualify as "variable rate debt instruments" for purposes of the original issue discount rules) they generally will be "contingent payment debt instruments" for U.S. federal income tax purposes. Under the rules that govern the treatment of contingent payment debt instruments, no payment on such Notes qualifies as qualified stated interest. Rather, a U.S. Holder must account for interest for U.S. federal income tax purposes based on a "comparable yield" and the differences between actual payments on the Note and the Note's "projected payment schedule" as described below. The comparable yield is determined by us at the time of issuance of the Notes. The comparable yield may be greater than or less than the stated interest, if any, with respect to the Notes. Solely for the purpose of determining the amount of interest income that a U.S. Holder will be required to accrue on a contingent payment debt instrument, the Issuer will be required to construct a "projected payment schedule" that represents a series of payments the amount and timing of which would produce a yield to maturity on the contingent payment debt instrument equal to the comparable yield.

Neither the comparable yield nor the projected payment schedule constitutes a representation by the Issuer regarding the actual amount, if any, that the contingent payment debt instrument will pay.

For U.S. federal income tax purposes, a U.S. Holder will be required to use the comparable yield and the projected payment schedule established by the Issuer in determining interest accruals and adjustments, unless the Noteholder timely discloses and justifies the use of a different comparable yield and projected payment schedule to the IRS.

A U.S. Holder, regardless of the Noteholder's method of accounting for U.S. federal income tax purposes, will be required to accrue interest income on a contingent payment debt instrument at the comparable yield, adjusted upward or downward to reflect the difference, if any, between the actual and the projected amount of any contingent payments on the contingent payment instrument (as set forth below).

A U.S. Holder will be required to recognise interest income equal to the amount of any net positive adjustment, i.e., the excess of actual payments over projected payments, in respect of a contingent payment debt instrument for a taxable year. A net negative adjustment, i.e., the excess of projected payments over actual payments, in respect of a contingent payment debt instrument for a taxable year:

- will first reduce the amount of interest in respect of the contingent payment debt instrument that a Noteholder would otherwise be required to include in income in the taxable year; and
- to the extent of any excess, will give rise to an ordinary loss equal to so much of this excess as does not exceed the excess of:
 - the amount of all previous interest inclusions under the contingent payment debt instrument over
 - the total amount of the U.S. Holder's net negative adjustments treated as ordinary loss on the contingent payment debt instrument in prior taxable years.

A net negative adjustment will not be subject to the two per cent. floor limitation imposed on miscellaneous deductions when miscellaneous deductions again become available to individual U.S. Holders for tax years beginning on or after January 1, 2026. Any net negative adjustment in excess of the amounts described above will be carried forward to offset future interest income in respect of the contingent payment debt instrument or to reduce the amount realised on a sale, exchange or retirement of the contingent payment debt instrument. Where a U.S. Holder purchases a contingent payment debt instrument for a price other than its adjusted issue price, the difference between the purchase price and the adjusted issue price must be reasonably allocated to the daily portions of interest or projected payments with respect to the contingent payment debt instrument over its remaining term and treated as a positive or negative adjustment, as the case may be, with respect to each period to which it is allocated.

Upon a sale, exchange or retirement of a contingent payment debt instrument, a U.S. Holder generally will recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the Noteholder's adjusted basis in the contingent payment debt instrument. A U.S. Holder's adjusted basis in a Note that is a contingent payment debt instrument generally will be the acquisition cost of the Note, increased by the interest previously accrued by the U.S. Holder on the Note under these rules, disregarding any net positive and net negative adjustments, and decreased by the amount of any noncontingent payments and the projected amount of any contingent payments previously made on the Note. A U.S. Holder generally will treat any gain as interest income, and any loss as ordinary loss to the extent of the excess of previous interest inclusions in excess of the total net negative adjustments previously taken into account as ordinary losses, and the balance as capital loss. The deductibility of capital losses is subject to limitations. In addition, if a Noteholder recognises loss above certain thresholds, the Noteholder may be required to file a disclosure statement with the IRS (as described under "*Reportable Transactions*").

A U.S. Holder will have a tax basis in any property, other than cash, received upon the retirement of a contingent payment debt instrument equal to the fair market value of the property, determined at the time of retirement. The Noteholder's holding period for the property will commence on the day immediately following its receipt. Special rules apply to contingent payment debt instruments that are denominated, or provide for payments, in a currency other than the U.S. dollar ("**Foreign Currency Contingent Payment Debt Instruments**"). Very generally, these instruments are accounted for like a contingent payment debt instrument, as described above, but in the currency of the Foreign Currency Contingent Payment Debt Instruments. The relevant amounts must then be translated into U.S. dollars. The rules applicable to Foreign Currency Contingent Payment Debt Instruments are complex and U.S. Holders are urged to consult their own tax advisers regarding the U.S. federal income tax consequences of the acquisition, ownership and disposition of such instruments.

Foreign Currency Notes

The following discussion summarizes the principal U.S. federal income tax consequences to a U.S. Holder of the ownership and disposition of the Notes that are denominated in a specified currency other than the U.S. dollar or the payments of interest or principal on which are determined by reference to a currency other than the U.S. dollar ("**foreign currency Notes**").

The rules applicable to foreign currency Notes could require some or all gain or loss on the sale, exchange or other disposition of a foreign currency Note to be recharacterised as ordinary income or loss. The rules applicable to foreign currency Notes are complex and may depend on the Noteholder's particular U.S. federal income tax situation. For example, various elections are available under these rules, and whether a Noteholder should make any of these elections may depend on the Noteholder's particular U.S. federal income tax situation. U.S. Holders are urged to consult their tax advisers regarding the U.S. federal income tax consequences of the ownership and disposition of foreign currency Notes.

A U.S. Holder who uses the cash method of accounting and who receives a payment of qualified stated interest in a foreign currency with respect to a foreign currency Note will be required to include in income the U.S. dollar value of the foreign currency payment (determined on the date the payment is received) regardless of whether the payment is in fact converted to U.S. dollars at the time, and this U.S. dollar value will be the U.S. Holder's tax basis in the foreign currency.

An accrual method U.S. Holder will be required to include in income the U.S. dollar value of the amount of interest income (including original issue discount or market discount, but reduced by acquisition premium and amortisable bond premium, to the extent applicable) that has accrued and is otherwise

required to be taken into account with respect to a foreign currency Note during an accrual period. The U.S. dollar value of the accrued income will be determined by translating the income at the average rate of exchange for the accrual period or, with respect to an accrual period that spans two taxable years, at the average rate for the partial period within the taxable year. The U.S. Holder will recognise ordinary income or loss with respect to accrued interest income on the date the income is actually received. The amount of ordinary income or loss recognised will equal the difference between the U.S. dollar value of the foreign currency payment received (determined on the date the payment is received) in respect of the accrual period and the U.S. dollar value of interest income that has accrued during the accrual period (as determined above). Rules similar to these rules apply in the case of a cash method taxpayer required to currently accrue original issue discount or market discount.

An accrual method U.S. Holder or cash method U.S. Holder accruing original issue discount may elect to translate interest income (including original issue discount) into U.S. dollars at the spot rate on the last day in the interest accrual period (or, in the case of a partial accrual period, the spot rate on the last day of the partial accrual period in the taxable year) or, if the date of receipt is within five business days of the last day of the interest accrual period, the spot rate on the date of receipt. A U.S. Holder that makes this election must apply it consistently to all debt instruments from year to year and cannot change the election without the consent of the IRS.

Original issue discount, market discount, acquisition premium and amortisable bond premium on a foreign currency Note are to be determined in the relevant foreign currency. Where the taxpayer elects to include market discount in income currently, the amount of market discount will be determined for any accrual period in the relevant foreign currency and then translated into U.S. dollars on the basis of the average rate in effect during the accrual period. Exchange gain or loss realised with respect to such accrued market discount shall be determined in accordance with the rules relating to accrued interest described above. Accrued market discount (other than market discount currently included in income) taken into account upon the receipt of any partial principal payment or upon the sale, retirement or other disposition of a Note is translated into U.S. dollars at the spot rate on such payment or disposition date.

If an election to amortise bond premium is made, amortisable bond premium taken into account on a current basis shall reduce interest income in units of the relevant foreign currency. Exchange gain or loss is realised on amortised bond premium with respect to any period by treating the bond premium amortised in the period in the same manner as payments on the sale, exchange or retirement of the foreign currency Note, as described below. Any exchange gain or loss will be ordinary income or loss as described below. If the election is not made, any loss realised on the sale, exchange or retirement of a foreign currency Note with amortisable bond premium by a U.S. Holder who has not elected to amortise the premium will be a capital loss to the extent of the bond premium.

A U.S. Holder's tax basis in a foreign currency Note, and the amount of any subsequent adjustment to the Noteholder's tax basis, will be the U.S. dollar value amount of the foreign currency amount paid for such foreign currency Note, or of the foreign currency amount of the adjustment, determined on the date of the purchase or adjustment. A U.S. Holder who purchases a foreign currency Note with previously owned foreign currency will recognise ordinary income or loss in an amount equal to the difference, if any, between such U.S. Holder's tax basis in the foreign currency and the U.S. dollar fair market value of the foreign currency Note on the date of purchase.

Gain or loss realised upon the sale, exchange or retirement of a foreign currency Note that is attributable to fluctuation in currency exchange rates will be ordinary income or loss that will not be treated as interest income or expense. Gain or loss attributable to fluctuations in exchange rates will equal the difference between (i) the U.S. dollar value of the foreign currency principal amount of the Note, determined on the date the payment is received or the Note is disposed of, and (ii) the U.S. dollar value of the foreign currency principal amount of the Note, determined on the date the U.S. Holder acquired the Note. Payments received attributable to accrued interest will be treated in accordance with the rules applicable to payments of interest on foreign currency Notes described above. The foreign currency gain or loss will be recognised only to the extent of the total gain or loss realised by the Noteholder on the sale, exchange or retirement of the foreign currency Note. The source of the foreign currency gain or loss will be determined by reference to the residence of the Noteholder on whose books the Note is properly reflected. Any gain or loss realised by these Noteholders in excess of the foreign currency gain or loss will be capital gain or loss except to the extent of any accrued market discount or, in the case of short-term Note, to the extent of any discount not previously included in the Noteholder's income provided that the Note is not a Foreign Currency Contingent Payment Debt Instrument. Noteholders should consult their tax advisers with respect to the tax

consequences of receiving payments in a currency different from the currency in which payments with respect to such Note accrue.

A U.S. Holder will have a tax basis in any foreign currency received on the sale, exchange or retirement of a foreign currency Note equal to the U.S. dollar value of the foreign currency, determined at the time of sale, exchange or retirement. A cash method taxpayer who buys or sells a foreign currency Note that is traded on an established securities market is required to translate units of foreign currency paid or received into U.S. dollars at the spot rate on the settlement date of the purchase or sale. Accordingly, no exchange gain or loss will result from currency fluctuations between the trade date and the settlement date of the purchase or sale. An accrual method taxpayer may elect the same treatment for all purchases and sales of foreign currency obligations **provided that** the Notes are traded on an established securities market. This election cannot be changed without the consent of the IRS. If either (i) the Note is not traded on an established securities market or (ii) it is and the holder is an accrual method taxpayer that does not make the election described above with respect to such Note, exchange gain or loss may result from currency fluctuations between the trade date and the settlement date of the purchase or sale. Any gain or loss realized by a U.S. Holder on a sale or other disposition of foreign currency (including its exchange for U.S. dollars or its use to purchase foreign currency Notes) will be ordinary income or loss.

Certain Reporting Obligations

A U.S. taxpayer that participates in a "reportable transaction" will be required to disclose its participation to the IRS. The scope and application of these rules is not entirely clear. A U.S. Holder may be required to treat a foreign currency exchange loss from the Notes as a reportable transaction if the loss exceeds U.S.\$50,000 in a single taxable year if the U.S. Holder is an individual or trust, or higher amounts for other U.S. Holders. In the event the acquisition, ownership or disposition of the Notes constitutes participation in a "reportable transaction" for purposes of these rules, a U.S. Holder will be required to disclose its investment by filing Form 8886 with the IRS. Prospective purchasers should consult their tax advisers regarding the application of these rules to the acquisition, ownership or disposition of the Notes.

In addition, U.S. Holders should consult their tax advisers about any additional reporting obligations that may apply as a result of the acquisition, holding or disposition of the Notes. Failure to comply with certain reporting obligations could result in the imposition of substantial penalties.

Information Reporting and Backup Withholding

Information returns may be filed with the IRS in connection with payments on the Notes and the proceeds from a sale or other disposition of the Notes. A U.S. Holder may be subject to U.S. backup withholding on these payments if it fails to provide its tax identification number to the paying agent and comply with certain certification procedures. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the Noteholder's U.S. federal income tax liability and may entitle the Noteholder to a refund, provided that the required information is timely furnished to the IRS.

Non-U.S. Holders

The following summary describes certain U.S. federal income tax consequences of the acquisition, ownership and disposition of a Note by a Non-U.S. Holder (as defined below). This summary does not address all aspects of the U.S. federal income taxation that may be applicable to particular Non-U.S. Holders subject to special rules, including, among others, Non-U.S. Holders holding Notes in a manner that is effectively connected with a U.S. trade or business, individuals present in the United States for 183 days or more in the taxable year of disposition, banks and other financial institutions, nonresident alien individuals who have lost their U.S. citizenship or who have ceased to be treated as resident aliens and corporations that are treated as controlled foreign corporations or passive foreign investment companies for U.S. federal income tax purposes. Such holders are urged to consult their own tax advisers regarding the U.S. federal income tax consequences of the acquisition, ownership or disposition of a Note.

As used herein, the term "Non-U.S. Holder" means a beneficial owner of a Note that is for U.S. federal income tax purposes: (i) a nonresident alien individual; (ii) a foreign corporation; or (iii) a foreign estate or trust.

A Non-U.S. Holder generally will not be subject to U.S. federal income tax, U.S. withholding tax, on payments of principal or interest on a Note, or on proceeds from the disposition of a Note. A Non-U.S.

Holder generally will not be subject to the U.S. information reporting and backup withholding rules; however, if a Non-U.S. Holder receives payments in the United States from a financial intermediary that is a United States person or has certain other connections with the United States, such U.S. Holder may have to certify, generally on IRS Form W-8BEN, under penalties of perjury, that it is not a United States person and it otherwise satisfies applicable requirements relating to the form.

The U.S. federal income tax discussion set forth above is included for general information only and may not be applicable depending upon a Noteholder's particular situation. Noteholders should consult their tax advisers with respect to the tax consequences to them of the ownership and disposition of the Notes, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in U.S. federal or other tax laws.

The proposed financial transactions tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of the Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

FATCA

The United States has enacted rules, commonly referred to as "FATCA," that generally impose a reporting and withholding regime with respect to certain U.S. source payments (including dividends and interest), gross proceeds from the disposition of property that can produce U.S. source interest and dividends and certain payments made by entities that are classified as financial institutions under FATCA. As currently drafted, the Issuer does not expect that withholding under FATCA will apply to payments on the Notes. However, significant aspects of how FATCA will apply remain unclear, and no assurance can be given that withholding under FATCA will not become relevant with respect to certain payments on the Notes in the future. Even if FATCA were to become relevant to payments on the Notes, it would not be applicable to Notes issued before the 6-month anniversary of the publication of final regulations defining how FATCA may apply to payments made by non-U.S. financial institutions and would not be applicable to payments made earlier than the date that is two years after the publication of the final regulations defining "foreign passthru payment" in any event. Prospective investors should consult their own tax advisors regarding the potential impact of FATCA to an investment in the Notes.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of the Arrangers, Dealers and any other dealers appointed under the Programme (the "**Dealers**"). The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in an amended and restated dealer agreement dated 20 March 2019, as may be further amended from time to time, (the "**Dealer Agreement**"). Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealer Agreement makes provision for the resignation or termination of appointment of Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes. The Dealer Agreement provides that the obligation of any Dealer to subscribe for Notes under any such agreement is subject to certain conditions and that, in certain circumstances, a Dealer shall be entitled to be released and discharged from its obligations under any such agreement prior to the issue of the relevant Notes.

United States of America: *Regulation S Category 2; TEFRA D or TEFRA C as specified in the relevant Pricing Supplement or neither if TEFRA is specified as not applicable in the relevant Pricing Supplement.*

The Notes have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered, sold or (in the case of Bearer Notes) delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except in certain transactions exempt from the registration requirements of the Securities Act.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Each Dealer has agreed that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche, as certified to the Fiscal Agent or the Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Fiscal Agent or the Issuer shall notify each such Dealer when all such Dealers have so certified) within the United States or to, or for the account or benefit of, U.S. persons, other than pursuant to Rule 144A, and such Dealer will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto, a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A or another exemption from registration under the Securities Act.

The Dealer Agreement provides that a Mandated Dealer and any other Dealer may directly or through its affiliates arrange for the placing of Restricted Registered Notes in the United States only to qualified institutional buyers (as defined in Rule 144A under the Securities Act) pursuant to Rule 144A under the Securities Act and in accordance with the provisions of the Dealer Agreement.
