

Environmental and Labor Issues This is a category FI-2 project according to the IIC's Environmental and Social Sustainability Policy because of the medium risk of the subprojects in the financial intermediary's current or future portfolio. In order to improve its assessment of the environmental and labor aspects of its operations, BanBIF attended the IIC's environmental training workshop for financial intermediaries. Eligible Enterprises financed with IIC funds will be subject to an environmental review and must comply with national environmental and labor laws, regulations, and standards, as well as IIC environmental guidelines. BanBIF submits annual environmental reports to the IIC indicating the progress made and problems encountered in the implementation of these practices.
