

Environmental and Labor Issues:

This is a category III project according to the IIC's environmental and labor review procedure because it could produce certain effects that may be avoided or mitigated by following generally recognized performance standards, guidelines, or design criteria. Wamex developed and implemented an environmental management system after attending the IIC's environmental management course for the financial sector. Each investee company must comply with the environmental laws, regulations, and standards of the respective eligible jurisdictions, as well as with applicable IIC environmental guidelines. Each company must also be in compliance with all the labor and occupational health and safety laws and regulations of the eligible jurisdictions. Certification will be required that investee companies sponsored by a general partner meet all applicable laws, regulations, and standards regarding the environment and occupational health and safety.
